My name is Raven Carter and I am 18 years old, I am Starcia's cousin and have known Starcia ague since she was just a little girl. I've watched her go through a lot hard times and now looking at her seeing how mature she has become, is a wonderful. She is doing so good right now, in my personal opinion, (not to offend any one) but this is the best place for her, here at Kristin Harris's house for her cause she hasn't had any thing like it for a long time. I feel that Starcia living with her mom is not a good Idea because she is not capable. Starcia living with family is not even acceptable due to the personal experiences that I have been subjected to while I lived with my family.(Jolene ague-masters house) Thurston county police are currently investigating a sexual assault case that I am the victim in, that occurred in there dwelling. As a result of my claim my aunt Jolene and the rest of my family have disowned me. I am very hurt by there refusal to accept what has happen to me, that house and any other house in are family is not safe, for any child. I swear under the penalty of perjury the statement is true and correct.

Sincerely,

Raven S. Carter

To Whom It May Concern:

Knowing Starcia for several years, seeing her now and knowing her then, is a child turning her life around for the better, and constantly improving herself toward a productive young adulthood.

I hope she will be able to maintain this path of always improving. She is a very well liked person around our house.

She deserves a stable home to keep growing as she is. Thank You.

I swear under penalty of perjury the above is the truth.
