PROHIBITION ON REDISCLOSURE

This information has been disclosed to you from records whose confidentiality is protected by Federal Law. Federal Regulations (42 CFR, Part 2) prohibits you from making any further disclosure of it without the specific written consent of the person to whom it pertains, or as otherwise permitted by such regulations. A general authorization for the release of medical or other information is NOT sufficient for this purpose. The Federal rules restrict any use of the information to criminally investigate or prosecute the patient.
