

VALLEY TEXTS TO RANA CELL PHONE

Friday 8:11 AM

Rana is my sign ok in the new spot?

Friday 8:20 AM

You should have been disbarred years ago. Keep it up, I may just take the time to send in our complaint to the ethics committee after all.

Friday 8:29 AM

Is the sign ok

You are angry with me, I have asked to talk to you about this but you won't. And that's fine. All I'm saying is that even though you're obviously angry with me, I don't think you want these other candidates to be District Court judge. This is about our entire community, Rana, not just the fact that you don't like me

Don't remove my sign. You already

Don't remove my sign. You already took down one, don't take this one down.

Please

I am not angry, I just think you are a jackass and a terrible law "professional". I have the nerve to say so. And keep your shit off my property or I will call the police on you for trespassing.

I dont need to suck ass like my sister just in case you win

Friday 8:43 AM

Dude. It's not your property. It's county right of way. And Joe Buchl owns the property that is attached to it. What are u TALKING about. Man, you're messed up

You have no basis for those opinions. Tell me where you want me to stay off of and I will, unless it's not yours

Do you not even remember that I got Bear's judgment cut in half? And I'm telling you now that me saying that in public does not violate attorney-client privilege because it's all public record. Everything anybody says in a quart room is not privileged information.

No shit sherlock. I didnt say you violated his confidentiality. And Lynn actually won our appeal, not you.

Friday 8:53 AM

I disagree, but thank you. I truly want what's best for this county, and I am not running for selfish reasons. You really don't know me at all, and this is going to be a good thing. I won't bother you any more, assuming my second sign is still there. I wondered when they told me to put it on the mowed part beyond

I disagree, but thank you. I truly want what's best for this county, and I am not running for selfish reasons. You really don't know me at all, and this is going to be a good thing. I won't bother you any more, assuming my second sign is still there. I wondered when they told me to put it on the mowed part beyond the Fenceline; I'm assuming that Fenceline must be where you live. The sign that I put up yesterday is well within that Fenceline, the people who live down there, told me just to put it closer to their puppy grooming sign. Please let that be OK, or we are going to continue to have a problem. I need to have a sign right [there](#). It is crucial that I win this election for the good of everybody in this county. Please forgive me for whatever it is you were angry at me for. Is there anything I can do to help you do that?
