Selena is a wonderful parent. I have spent a lot of time with her and her children these past few months. She is with them almost every second, playing with them and caring for them, educating them, feeding them. They are very happy and well-cared for children. I babysit them occasionally and we make art, play games, do workbooks, take baths, bake cakes, read books, etc. They love their mother very much and deserve to be with her. In conclusion, I have zero reason to believe that these kids are or ever were in immediate danger.
