always making sure that the children	n are happy and fulfilling their fullest potential.
She is a great advocate for Hazel w	tho has autism and teaches her how to advocate
for herself. They have regualr acces	ss to showers, hot meals, toys, books, and learnin
materials. I understand that not ever	ryone agrees with living an alternative life style -
however, it is not a crime. The ques	tion today is whether ot not these girls are in
immediate danger by being in their i	mothers care, to which I can say without a shadov
of a doubt that they are not.
