In re:

Petitioner/s (person/s who started this case):

Hans & Katherine Stoker

And Respondent/s (other party/parties):

Selena Smith

No. 21-4-00443-34

Declaration of
(name): Katherine Sponagle
(DCLR)

Declaration of (name): Katherine Sponagle

- 1. I am (age): 32 years old and I am the (check one): Petitioner Respondent Family Friend

2. I declare: That Selena Smith is a responsible and caring mother. She is aware of all the girls' needs and I have seen her on multiple occasions buying specific foods to meet each child's needs as well as first aid products to be sure of their safety in any given situation. Although this family struggles, Selena puts her daughters' needs as one of her top priorities. These girls are well taken care of and loved. Hazel, Onawa, and Raven all have their needs met and are able to express their needs and wants to their mother in a way that I observe to be very healthy. They are not in any danger being in Selena's custody.
