10:14:18 MISC [1B84](#) Comment:james told me selena is the one who is verbally abusive and being demanding. said she was wasting our time by calling 911. james said he moved out to a friends house in randall but has been back here for the past 6 days and everyday selena is being argumentative. admitted he moved out and that they were discussing on whether to have him move his stuff back. however, james also said he technically never moved out because his cat was still here. james was informed his cat did not grant him rights to the house and was told to leave per the request of selena. james complied and left with out incident.
