23:42:53MISC1B38 Comment:Selena has been stressed with work and home life recently. James has lived here off and on in the past as he and Selena have children together. James says Selena got home from work and was upset about him not buying organic groceries. Selena said James is verbally abusive and she feel overwhelmed because James doesn't help enough with things around the house. Selena wanted James to leave initially but said he could stay if he could remain civil, to which he agreed. Both parties stated nothing physical occurred, no threats were made - no implications of any crimes. Selena was advised to call back if she needed anything.
