IN SUPPORT OF THE
RESPONDENT

James Fowler

Respondent.

I, Robert Alexander hereby states and certifies as follows: Since the beginning of the protection order/temporary order Jordan has asked me several times about her dad James Fowler. She has said many times that she misses him and wants to see her daddy. She has asked why she can not see her dad and I asked her what she believed. She said that her dad is trying to control her mom and take her away from her mom. Jordan has said that her dad is not her dad and seemed hurt by this. When I asked her why she said this she said it is what her mom told her. I have told Jordan that her dad is doing all he can to be able to see her and this seemed to give her some hope. She told her mother and is now no longer allowed to come to my house and I live across the street from her. I am her Grandpa.

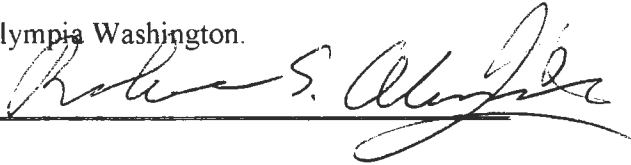

I CERTIFY UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF
