On 08/11/2022, I was contacted by Detective Sgt. Weinnig regarding a sex offense that occurred at Capital High School located at 2707 Conger Ave NW and Jefferson Middle School located at 2200 Conger Ave NW, both located in Olympia.

I contacted the reporting party Steve Barcliff at approximately 1530 hours via phone. Steve advised he was contacted by a friend's daughter Anna E. Dragt DOB 11/05/2003. She disclosed a friend was being touched sexually by a teacher named Jonathan Moore. The touching started at Jefferson Middle School when the victim was a student there. Once he proceeded to the high school, Mr. Moore followed him by taking a job at the high school. Steve advised he was told the victim was very scared to come forward and was fearful of his parents finding out his disclosures.

At this time, the victim has not come forward or made any statements to law enforcement.

Due to Mr. Moore being a teacher at Capital High School, I contacted administration staff and met with Principal Lillian Hunter, Assistant Principal Ja`Wanne Brown, and other respective staff at approximately 1000 hours on 08/12/2022 to notify them of the allegations that were made against Mr. Moore.

The case was assigned to me for additional follow-up and is currently an on-going investigation. Additional supplemental report(s) to follow.

I certify (declare) under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct. I am entering my authorized user ID and password to authenticate it.

*****PROBABLE CAUSE STATEMENT*****

The intent of this document is to establish probable cause. Additional details, involved parties and property will be added in a supplemental report.

On 08/11/22, I was contacted by Detective Sgt. Weinnig regarding a potential sex offense that occurred at Capital High School, located at 2707 Conger Ave NW, and Jefferson Middle School, located at 2200 Conger Ave NW in Olympia.

I contacted the reporting party Steve Barcliff at approximately 1530 hours via phone. Steve advised he was approached by a friend's daughter Anna E. Dragt DOB 11/05/2003. She disclosed a friend by an unknown name was being touched sexually by a teacher named Jonathan Moore (later identified as Jonathan J. Moore DOB 03/24/1989). The touching started at Jefferson Middle School when the victim was a student. Once he proceeded to Capital High School, Moore followed him by taking a job there. Steve advised he was told the victim was scared to come forward and feared his parents finding out about his disclosures. Due to Steve having no contact information for the victim, I gave him my information to give Anna to contact me for an interview.

At approximately 1751 hours, I received a phone call from Anna Dragt, who agreed to meet with me the following day to conduct a telephonically recorded interview at 1130 hours. I later placed Anna's statement into digital evidence attached to this case. The following is a summary of the information Anna provided within her statement:

Approximately two weeks ago, she was working with her co-worker [redacted] 502 Child Vic Sex [redacted] DOB 04/13/2005 " [redacted] 502 ." [redacted] 502 started talking about when he went to Jefferson Middle School. [redacted] 502 described a relationship he developed with his digital media teacher by the name of Jonathan Moore. [redacted] 502 told her he and Moore would spend time together before and after school. When [redacted] 502 proceeded on from Jefferson Middle School to Capital High School, Moore followed and began teaching at Capital.

[redacted] 502 told Anna he and Moore would communicate via text and email, but it is unknown exactly when the communication began. Once the pandemic started in 2020, [redacted] 502 and Moore began arranging to meet each other at the bleachers located at Jefferson Middle School. Anna believed they met "very often" at least several times a week.

[redacted] 502 disclosed his relationship with Moore became sexual but did not provide details regarding what a sexual relationship meant to him. [redacted] 502 told her Moore demanded he call him his "boyfriend" and that he needed to say, "I love you." [redacted] 502 did not consider Moore his boyfriend. Anna advised that Moore made [redacted] 502 feel like he had to do all the things they did because [redacted] 502 is a "loner" and Moore had become a significant part of his life.

Anna advised that [redacted] 502 is currently 17, but it is highly possible he was 15 when he started to meet Moore at

the bleachers because it has been a couple of years. 502 disclosed to Anna that he and Moore "broke up" approximately 3 months ago for an unknown reason.

After my interview with Anna, I provided her with my contact information to provide to 502, as he was fearful of coming forward and did not want me to contact him. I expressed I would be available whenever he felt comfortable and encouraged Anna to continue being a support system for him.

On 08/12/22, I contacted the administration staff at Capital High School to inform them of the allegations being brought forward against Jonathan Moore due to him being a current teacher at their facility. I met with Principal Lillian Hunter, Assistant Principal Ja' Wanne Brown, and other staff at approximately 1000 hours the same day. I was notified Jonathan Moore was currently on administrative leave due to previous professional misconduct allegations with students. Capital High School informed me they would cooperate with law enforcement investigation in any way they could.

I was provided with some of Jonathan Moore's information by Capital High School. The information revealed that Jonathan's full name was Jonathan Joseph Moore, with a listed address of 5220 Mt. Green Ln SE in Lacey, WA 98503. A search through police databases confirmed this information for Jonathan Moore to include his date of birth as 03/24/1989. Additionally, surveillance was conducted at the above-listed address on 09/20/2022. The residence is located within the Mountain Greens MH Estates Mobile Home Park in Lacey, WA. Parked in the driveway was a 2014 Chevrolet Malibu sedan bearing WA LIC BAW0858. The listed registered owner was Jonathan J. Moore. Further surveillance was conducted the morning of 02/15/2023, where Jonathan's vehicle bearing WA LIC BAW0858 was again in the driveway of the residence. Video was taken on both days, capturing the residence and his vehicle. The videos were later uploaded into Axon.

Interview:

On 08/17/2022, 502 came forward and agreed to complete an audio and visually recorded interview at the Olympia Police Department. 502's interview lasted approximately 3 hours and 8 minutes. The following is a summary of 502's statement:

I asked 502 what we were here to talk about today. 502 responded that it was weird to say, but "abuse." 502 described the abuse as largely emotional and sexual abuse that started lightly in the 6th grade and "blew up" once he was in high school. 502 provided the following events as chronologically as he could recall.

6th grade (Jefferson Middle School):

502 described himself as a "wreck" and stated he did not shower or care for himself. He was put into a program called "Mind Builders" for advanced reading. 502 advised Jonathan Moore was the new teacher for Mind Builders that year. This was how he and Moore first met. 502 advised that he liked Moore at first, and he

wanted to take more of Moore's classes the following year. [502] explained an incident where he wrote Moore a letter about how much his classes meant to him, and Moore hung up the letter. [502] advised that this was a turning point in his relationship with Moore.

7th Grade (Jefferson Middle School):

[502] advised that he signed up for Reach and Visual Communications classes with Moore. He enjoyed Visual Communications, which created an environment for him to be around Moore. [502] advised Moore took the time to get to know him and put him into positions he was good at. He described Moore as someone who did not immediately "discard him." [502] advised that it slowly started happening along with other students, where they would stay after school with Moore until approximately 1630-1700 hours. [502] advised they usually stayed to film or discuss classroom plans. Toward the end of 7th grade, [502] was given more opportunities and elected more responsibility within the Visual Communication program.

8th Grade (Jefferson Middle School):

During 8th Grade, [502] advised they made a sitcom called "The Studio" in Visual Communications. This became the drive for people to stay late after school. [502] became involved with The Studio, which was a big turning point in his and Moore's relationship. As summer was approaching, students, along with Moore, began staying as late as 2100-2200 hours filming. [502] explained he was not forced to stay after school; he wanted to and would choose to stay. This developed into [502] staying after school to converse with Moore because he enjoyed talking to him. This occurred often and would result in him and Moore staying alone between 2-3 1/2 hours. I asked [502] what would happen during this time. [502] advised that he and Moore would talk about stuff such as philosophy. Moore would order food for him, and Moore became his friend. I asked [502] in a school week how many days he would stay after school with Moore. He advised 2 or 3 times a week minimum. [502] advised that he and Moore would communicate via email during this time, but nothing was "out of line."

I asked [502] if, while he was in 6th-8th grade if anything ever became physical between him and Moore, [502] stated, "No." and stated during this time, it was 3 years of a "grooming" phase. [502] described Moore almost as a "parent" or like his "dad." [502] described his own behavior during this time as distanced from everyone; he stopped playing Xbox and interacting with his friends. [502] described himself as becoming reliant on Moore.

Summer before 9th Grade:

During the summer, [502] and fellow students would go to Moore's classroom at Jefferson Middle school. During this time, they developed a plan that [502], along with other students involved, would return to Jefferson while they were at Capital High School and would teach students how to make "The Studio" to continue the production.

Capital High School:

Freshman/Sophomore Year (14-15 Years Old):

502 stated that at least a couple of times a week, he would walk to Jefferson after school to talk to Moore while he was a student at Capital High School. On March 13th of 9th Grade, 502 was filming "The Studio" with Moore at Jefferson. Filming was not completed before school was shut down due to Covid-19. 502 explained he and Moore had become closer at this time, and it had become clear they were not just staying in contact for filming purposes.

502 stated he and Moore would stay in contact via email and Skype.

Skype calls between him and Moore began with other students present. This progressed to him and Moore getting on Skype early to talk without anyone else on the call or staying on late to continue talking. 502 advised that he also began to meet Moore at Decatur Woods Park and the bleachers at Jefferson Middle School. This, too, started with other students present but progressed to being just him and Moore. Almost daily, including weekends, he would go to Jefferson Middle School bleachers to meet Moore to talk. 502 explained that he and Moore also started using Gmail to communicate. They would talk late into the night, having hundreds of emails between each other. Moore would become "very upset" if he did not respond quickly. This then progressed to them using Google Hangouts/Chats to communicate because it was just like texting.

502 advised that every night at 2230 hours, Moore would call him, and they would talk until approximately 0100 hours on the phone. He had to hide this from his parents and lie about whom he was talking to. During this time, 502 advised that he gained 50 or 60 lbs. I asked 502 why this happened. He explained that all he would do is sit on his bed and talk to Moore, and he was sad. 502 explained that his grades were failing, but Moore started to do his homework. 502 advised that he still does not know algebra or geometry because of this.

502 advised that his "relationship" started with Moore when he was approximately 14 or 15 years old. 502 defined "relationship" to mean Moore would want him to call him his "boyfriend." Moore told 502 they were going to spend their whole lives together, 502 was going to find a surrogate for their children while in the running start program at South Puget Sound Community College, and they were going to name their children "Maryweather" and "Elliot."

Moore formulated a plan for after high school when 502 was in college for a year or two. He would have a project and an extra room at his apartment. 502 would stay in the room while they worked on the project. Once 502 was an adult, it would seem natural that they were in a relationship. 502 explained there were several documents and notes made about his and Moore's planned future, ideas on how to raise their kids, or what their life together would look like. These ideas of their life were captured in Google Docs that Moore has since renamed/and or deleted. I asked 502 why Moore would do this. He explained that whenever there was a fight between them, Moore would take these documents from him.

During this time, especially once he and Moore entered a "relationship," he would go to Jefferson Middle School to visit Moore and would sleep on the ground after school. Moore would sometimes take a nap next to him. I asked 502 to explain how their bodies were when Moore would lie down to take a nap next to him. 502 stated, "Like spooning." I asked 502 if Moore's body would do anything during this time. 502 stated not really; unless it were something sexual, there would be humping. 502 explained, humping to be thrusting with him, laying down on his side facing away from Moore. Moore would be lying down on his side facing toward him, thrusting his pelvis into his "ass" or "thigh." 502 said he could feel Moore had an erection while he was humping him. This happened approximately once or twice.

502 advised that the topic of sex came up between him and Moore when he was around 14 or 15 years old. This would happen by Moore turning the conversation sexual and talking about what turned him on, such as the type of pornography he enjoyed. 502 explained Moore liked "twinks" with very little hair and flaccid penises. Moore would talk about how he wanted to be submissive and wanted 502 to control him and punch him. I asked 502 if Moore ever had him watch pornography with him, and he stated no. 502 explained that Moore wanted sex but was willing to wait. 502 advised once Moore came to Capital High School during his junior year (16 to 17 years old), the sexual acts began. I asked 502 how he and Moore would communicate about sex. 502 advised sometimes they would call, sometimes over skype, but never over text or email. Some of the sexual conversations may have occurred over "Google Chats" because this was a primary medium of communication between them.

JUNIOR YEAR (16-17 years old):

502 stated he would come to school between 0700- 0800 hours every day to see Moore and stay after school until 2130-2200 hours. It was not uncommon for him to spend anywhere from 10-14 hours at the school with Moore daily.

Approximately two months into the school year, the sexual acts began. These would occur in the interior newsroom at the school. Inside the interior newsroom, there was a green room with large black curtains. He and Moore would go into this room after everyone left school around 2100 and 2200 hours. This occurred at least two or three times a week, sometimes daily. 502 explained he was paranoid about the janitors because they would come into the other room to the extent that he would wear black shoes to blend into the curtain.

Moore would pressure him to go behind the curtain, where he would "fondle" Moore. I asked 502 what fondling meant to him. 502 stated rubbing Moore's testicles, kissing his neck, touching the back or side of Moore's body, sometimes his "ass," and he would "masturbate" Moore over his clothes, sometimes under. 502 described that he would take his hand over Moore's penis, which was usually erect or halfway erect. He would stroke Moore's penis, and Moore would have many pre-ejaculates. He would try to avoid touching the head of Moore's penis,

although sometimes Moore would ask him to. 502 advised that he would try to stick to the shaft or lower shaft of Moore's penis while masturbating but would stop before Moore ejaculated. 502 advised that the "thrusting" also happened with Moore by getting into "sex positions," and they would "act" them out with their clothes on.

502 explained that Moore only touched him once on his genital area with his hands. I asked 502 to tell me everything that happened when Moore touched his genital area. 502 stated he and Moore were again in the back room at the school. 502 said he was insecure about his penis not being hard because he did not want Moore to be upset.

In this incident, 502 explained that Moore's hand was "really cold." 502 was standing with his pants down, and Moore reached into his underwear. Moore touched and stroked his penis with his barehand and fingers. Moore was also rubbing his foreskin and making comments about it. This lasted approximately a minute until he told Moore, "No." Moore started trying to go faster to encourage him not to be done.

502 stated that his sexual interactions with Moore were not consensual. The only time he would indicate he wanted this with Moore was after he already refused it twenty times and decided this was going to be his life. 502 advised that he verbalized several times to Moore consistently that he did not want to do these things with him.

502 advised that he got away from Moore halfway through December 2021, and the physical contact ended. 502 advised the last time he talked to Moore was approximately four months before reporting the incident on 08/17/22.

ADDITIONAL INFORMATION:

502 explained he would mentally stay strong from Moore and go weeks without talking to him. During these periods, 502 stated he was sad and would sometimes go back to the friendships Moore made him break away from. He would have sporadic contact with Moore and explained a time he and Moore got into a fight because he disclosed he went back to talking to some of his friends.

One night, it was approximately 0100 hours, and Moore threatened him over the phone that he would slit his wrist if he did not leave his friends or if he did not want to have sex with him. Moore showed him a knife he had in the room with him, and 502 told Moore he wanted his friends and did not want to be with him. Moore slit his wrist, and 502 could hear it over the phone. 502 explained that he started begging Moore to call back after disconnecting to show him proof. Moore called him on Skype and showed 502 his wrist, which was actively bleeding, with a towel. Moore went to the hospital and told 502 he gave them the excuse that he was opening a box with a box cutter and cut himself. Moore told him he did it for attention so 502 would not leave.

Communication Platforms:

502 advised that he and Moore would communicate on a variety of platforms such as Google Hangouts, Google Chat, multiple Gmail accounts, Google Docs, Google Drive, Skype, and phone calls/text messages made from 502's cellphone (360-463-1661) and Moore's cellphone (360-970-1431), and Discord via Oscar Pecan's account "PelicanPecan." 502 provided me with a list of usernames/account information/emails that he could recall using with Moore. He provided the following email addresses: 502 Child Vic Sex with an associated name of "Samuel G." on the account, Jomoore@osd.wednet.edu, 502 Child Vic Sex, 502 Child Vic Sex. Additionally, he advised Jonathan Moore's Skype username was "Home Access."

502 advised Moore forced him to provide the login information for his accounts so he, too, had access to them. Moore would communicate with him via these accounts to make it appear that he was talking to himself. 502 provided the example that Moore had used his student email 502 Child Vic Sex and would send emails back to the same address to make it appear as though the communication was one-sided; however, Moore was writing to him in a non-obvious way.

Before meeting with law enforcement, 502 advised that he attempted to go through his email accounts to locate the communication between him and Moore. 502 advised that it appears that recently Moore went into the accounts and deleted the communications and or documents they shared.

To allow OPD to retrieve digital evidence within his cellphone, 502 completed an Olympia Police Department Voluntary Permission to Search form to allow an OPD Digital Forensic Examiner to create a digital image of his device. Detective Digital Forensic Examiner Marcuson downloaded the device. Detective Digital Forensic Examiner Malone assisted with the search and extraction of evidence from the device.

502 Child Vic Sex CELLPHONE:

A search of 502's cellphone revealed five voicemails with saved audio from the phone number 1360-970-1431 belonging to Jonathan Moore on the following dates and times. The voicemails were later extracted as evidence and booked into OPD evidence:

09/24/2021 3:17:17 PM with a duration of 00:00:59
 11/23/2021 5:34:31 AM with a duration of 00:00:53

CAPITAL HIGH SCHOOL:

I was contacted by Scott Neiman Director of Human Resources with Olympia School District, on 09/21/2022; I was informed Jonathan J. Moore had been terminated as an employee of Capital High School because of professional misconduct with students. These allegations of professional misconduct were investigated by a private investigator and were handled internally, which resulted in Jonathan Moore being on administrative leave for a significant amount of time. 502 Child Vic Sex was interviewed because of this investigation previously by the private investigator, along with multiple other students. I was informed that the school would not be provided these internal investigation records based on advice from legal counsel. (These were later obtained via search warrant).

I was informed that after Jonathan Moore's termination, staff of the Olympia School District cleaned out the classroom Moore operated out of. Several "security" style cameras were discovered in the classroom and the back green room (where the sexual acts with 502 Child Vic Sex occurred) from the brand "Q-See." These cameras were installed prior to Moore taking over the classroom; however, the school advised they believed the camera's to be inoperable. The cameras were removed and secured at the Olympia School District Office located at 111 Bethel ST NE, Olympia, WA 98506, before law enforcement was made aware of them, which did not now allow for photographs to be taken and the cameras to be collect in their original condition. Additionally, several USB drives were located along with the cameras and secured in Capital High School Principal Lil Hunter's office.

I later responded to the school and met with Daniel Grimm, DOB 07/02/1959, who completed an audio and visually recorded walk-through of the classroom with me, showing where all the cameras were located. While conducting the walkthrough, an additional camera was found in the green room that was not removed. I captured this camera on video along with additional photographs. While meeting with Daniel Grimm, he informed me of a time he, along with the school Principal, were conducting walkthroughs of the school during a school dance. They found the light on in Moore's classroom, where Moore was found alone with a student Oscar Pecan around 2200-2300 hours in the back editing room. When confronted, Moore told Grimm they were being recorded in the room. This comment led Grimm to believe the cameras were operable. This information was also confirmed in an internal investigation where Daniel Grimm spoke of the same circumstances. Jonathan Moore was interviewed about this, and stated Oscar came into his classroom because he did not want to go to the dance and asked if he could work.

On 09/26/2022, I was contacted again by Scott Neiman and informed of a hidden USB drive that was found taped underneath Jonathan Moore's classroom desk. The USB drive was located after the desk was being removed from the classroom for cleaning. This USB drive was placed with the others again secured in the principal's office pending the application of a search warrant.

On 09/29/2022, I applied for and was granted a search warrant by Honorable Superior Court Judge Zipp to search for and seize evidence from Capital High School, located at 2707 Conger Ave NW and Olympia School District office, located at 111 Bethel St NE. I provided the warrant from Capital High School and Olympia School District to the OPD Records department to be filed on 09/29/2022.

CAPITAL HIGH SCHOOL SEARCH WARRANT:

Detective Seig and I responded to Capital High School on 09/29/2022 for service of the search warrant. At approximately 1244 hours, the warrant was served and recorded via axon video recording in Principal Lil Hunter's Office at the school. Collected were 22 various USB/ SD Drives locked in the cabinet in Lil Hunter's Office and contained in a snowman box. Additionally, in the box was the green USB drive previously taped underneath Jonathan Moore's classroom desk.

The USB drives and SD Cards were collected and believed to be associated with the Q-See camera system and/or contain evidence of the sexual acts that occurred between Jonathan Moore and [REDACTED] 502 Child Vic Sex, he alone in the room with Charles, or any other video of evidentiary value as it related to Jonathan Moore's relationship with other students at Capital High School. I photographed the storage devices and later uploaded the video and photographs into Axon Digital Evidence. These devices were later provided to Digital Forensic Examiner Detective Malone for processing. A search of the USB/SD Cards revealed no items of evidentiary value, and they were later booked into OPD Evidence. A copy of the warrant and return of service was provided to Principal Lil Hunter.

OLYMPIA SCHOOL DISTRICT OFFICE SEARCH WARRANT:

Detective Seig and I responded to 111 Bethel St NE (Olympia School District Office) for the service of the search warrant. At approximately 1404 hours, the warrant was served and recorded via Axon video. Collected was a "Q-See" DVR system with a keyboard and mouse, which was contained in a Home Depot Box. Additionally, I was provided Jonathan J. Moore's personnel records regarding his internal investigations/disciplinary records by Starla Hoff Director of Human Resources.

A copy of the warrant and return of service was provided to Starla Hoff. The evidence was taken back to the Olympia Police Department. I placed the Q-See Camera System, keyboard, and mouse into temporary evidence locker #2. It was discovered a higher level of digital forensic expertise would be needed to search such items for evidence. Due to this, a search could not be conducted within 10 days of the original warrant. I applied for and was granted an additional warrant for a search to be conducted by a Digital Forensic Examiner on 2/15/2023 by Honorable Judge Thomas. The warrant was provided to DFE Detective Malone on 02/15/2023. I also provided the warrant to OPD Records to be filed.

OSD INTERNAL INVESTIGATION DOCUMENTS:

I was provided the documentation from the internal investigation conducted by Private Investigator David Helvey from Clear Risk Solutions. The document I was provided is 51 pages. There were ten allegations that were brought forward:
 Allegation 1: Mr. Moore yelled, used profanity, threatened, was disrespectful, and inappropriate when communicating to students.

Allegation 2: Mr. Moore gave preferential treatment to students who are involved with Koug TV and he relies on these students to teach/lead the class.

Allegation 3: Mr. Moore threw objects and tore things off the wall in his classroom when students were present.

Allegation 4: Mr. Moore involved himself in students' personal decisions and relationships and fired or threatened to fire students from Koug TV because of their relationships with other students or their personal choices and decisions.

Allegation 5: Mr. Moore told students to shut up and threatened to hit students with his cane if they used profanity during a talent show.

Allegation 6: Mr. Moore chaperoned students at the bowling alley for Oscar Pecan's birthday party and accompanied students to a store.

Allegation 7: Mr. Moore's students stayed after school until late in the evening working on Koug TV projects.

Allegation 8: Mr. Moore talked to students about this investigation prior to the students being interviewed.

Allegation 9: Mr. Moore allowed Sawyer Conklin and Carlie Cockrell to post a question on Koug TV's Instagram page asking students what their feelings were about the new Capital High School Principal, Lil Hunter, and some of the responses were made public on Koug TV's Instagram page. Mr. Moore then created an approximately hour-long video of himself, Sawyer, and Carli during which Mr. Moore read some of the responses students made to the question. Mr. Moore then emailed a link to this video to district staff.

Allegation 10: Mr. Moore told Lincoln Anderson the world would be a better place without him (Lincoln) during class on June 1, 2022.

Several witnesses were interviewed because of this investigation. In summary, students talked about the inappropriate way Moore intervened in their relationships by telling them who they could and could not be around. Moore would make sexually related comments, such as calling Sawyer Conklin a "bottom" and Oscar Pecan a "top," referring to sexual positions. It was disclosed that Moore started to behave differently after [502] Child Vic left his program. It was stated that Moore and [502] were close, spending time together outside of school, and that their relationship was more than a teacher/student relationship. Another student spoke of Moore firing [502] from Koug TV and spent the next couple of months ranting about [502]. Moore told students they could have no contact with [502]; if they did, he (Moore) would fire them from Koug TV.

[502]'s girlfriend, Calla Lamenzo-Steine, disclosed that Moore tried to convince students she was a bad person. This started after she began dating [502] in December, [502] left Koug TV, and there was a fallout between

Moore told her she and 502 needed to break up and had a similar conversation with 502 telling him he also needed to end his relationship with Calla and that 502 would ruin her.

GOOGLE SEARCH WARRANT:

Based upon the information provided by 502 regarding the extensive contact he had with Jonathan Moore via his Google accounts 502 Child Vic Sex and 502 Child Vic Sex I believed the above-listed Gmail accounts contained evidence.

I applied for and was granted a search warrant for the above-listed accounts on 09/29/2022 by Honorable Superior Court Judge Zipp. I served the warrant electronically to Google on 10/06/2022. I received an electronic return of the requested data pursuant to the search warrant from Google on 10/24/2022. On 11/30/2022, I noted that I had not submitted a return of service for the warrant. On 11/30/2022, I provided a return of service to OPD records to be filed and a copy of the return of service to Google via the law enforcement portal. I later placed the return from Google into OPD Evidence.

502 Child Vic Sex INTERVIEW #2:

On 11/17/2022, I met with 502 at the Olympia Police Department at approximately 1200 hours to conduct a follow-up interview. The purpose of the interview was to review newly discovered evidence as it pertained to the warrant return from Google and the warrant service to Capital High School and the Olympia School District. The following is a summary of my interview with 502:

From my search of the Google search warrant return, several items were discovered, including a photo of Jonathan Moore, word documents, a PDF, audio files, and video files. I reviewed these files with 502 on my department-issued laptop. I later placed a copy of the items shown to 502 onto a USB drive that was later booked into OPD Evidence.

The first item I presented to 502 was a photograph of a male subject. The male presented as a white male with dark hair, wearing a green Peter Pan shirt, and holding a plate of food. 502 recognized the photograph to be of Jonathan Moore. I asked 502 what the context of the photo was. He could not remember, but Moore would send him photographs of himself. I asked 502 if he was in a relationship with Moore when the photograph was taken. 502 confirmed he and Moore were, in fact, in a relationship at that time.

I presented a text message string of screenshots that occurred with a contact Sawyer Real (aka Sawyer Conklin). The conversation was regarding Moore riding "Ivy's" (later determined to be Ivy A. Davis) bike and a video posted on Snapchat. The video was taken at Capital High School in the back parking lot. 502 advised Moore that he had him text Sawyer to handle the situation. Moore wanted the video removed because another student saw the video and thought it was strange. 502 advised that he was not present when Moore rode the bike. I asked

502 why Moore was concerned about a video of himself on social media. 502 advised Moore to realize a video would be a problem later if he were going to be reported to the police or that people may think he was strange. 502 advised that Moore was aware that the things he was doing were questionable and illegal. Still, he tried to be safe with the things he was doing that allowed for "plausible deniability."

I advised 502 that several audio files were located. I played the first audio recording and immediately observed a change in 502's body language, and he seemed uncomfortable. 502 said he did not want to hear the recording and confirmed that the voices in the audio files I played were Moore and himself. 502 advised that the songs in the audio recordings were songs he and Moore wrote together. 502 suggested that almost all the recordings were taken when they would talk in the middle of the night.

I asked 502 if he thought it was appropriate for a teacher to be making these types of recordings with a teacher. 502 advised that this was something he approached first with Moore. 502 reported that because Moore made him leave his friends, he no longer had anyone to write songs with other than Moore. 502 advised that it is hard for him to say at what point things became inappropriate. 502 confirmed that most songs were written when he and Moore were in a relationship.

I presented 502 with the billing information that was in his Google accounts. There were two cards on the account, one listed under Jonathan Moore with a Visa card ending in 1801. 502 advised that he recognized the number Visa number ending in 1801. 502 said Moore would give him his card information to purchase food or place orders from his phone. 502 could not recall why the card would be linked to his account.

I showed 502 a Customer Profile for his Google account 502 Child Vic Sex that had a billing address for Jonathan Moore in Lacey, WA, with the same Visa ending in 1801. This information was added on January 23rd, 2022. 502 advised that this must have occurred after Moore took his email account from him. 502 that Moore or possibly Oscar Pecan would have purchased something with the account. 502 advised that he no longer has access to this email because Moore changed the password.

I presented Subscriber information that Google provided with the name of "Samuel G." 502 advised that this was the name Moore renamed the account. Moore did this because he did not like the name displayed on Google Hangouts when he and 502 would talk. This was because it was "incriminating" if 502's parents were to open his phone. I asked 502 if Moore ever stated it would be too incriminating to have his name. 502 said, "Yeah."

I presented to 502 a word document titled "502's Notes," totaling 46 pages. 502 advised that this document was originally in a Google Doc, but Moore would commonly hold it "over his head" and delete it. Moore gave these documents back to 502, but when he gave them back, they were in a Word document. 502 advised many things on the document he has added recently; however, there is much stuff from Moore and him

writing back and forth. 502 went through the document and advised that Moore had deleted many of its contents. 502 mentioned references to "Maryweather" and "Elliot," which were the names of their children being deleted from the document.

I showed 502 a PDF titled "Names." 502 advised that this was a list of names he and Moore thought would be good names for their children. The names "Maryweather" and "Elliot" were present on the list. I then shared a thumbnail photo titled "Parenting Guide." 502 stated, "Yeah, I made this with him." 502 explained his intent in creating the document as if he was going to be stuck with Moore the rest of his life, with his kids in a bad marriage; he would prefer his kids have the best time they could. 502 advised that he sat down and talked about it with Moore about how they would parent their children. 502 advised that he had gotten back in contact with Oscar and others from Koug Tv. 502 advised Moore had started the same actions/behaviors with Sawyer Conklin, but he stopped and moved on to Oscar Pecan.

502 advised that it was weird hearing Oscar talk about what happened with Moore because almost everything happened to him. 502 provided the example that Moore was forcing Oscar to always have his phone, always text him where he was, call each other, and "grooming" Oscar. 502 advised that once Moore was no longer at the school because of administrative leave, Oscar "ghosted" Moore, and they are no longer in contact. I asked 502 if Oscar ever disclosed any physical contact that occurred between him (Oscar) and Moore. 502 advised that he did not.

I asked 502 if he ever knew about Moore getting caught in the classroom alone with Oscar Pecan during a school dance. 502 did not. 502 did bring up Ivy Davis. He stated the reason Ivy was no longer a part of Koug Tv was that she was trying to hook up Sawyer Conklin and Oscar Pecan with her friends. Moore did not like this and did not want them (Oscar and Sawyer) to date. I asked 502 if Moore was only controlling with male students. 502 advised mostly because there were not many female students in his "circle." I asked 502 if he believed this to be intentional. He stated, "Yeah." In many ways, Moore was "sexist." But Moore would be controlling with Ivy Davis and Carli Cockrell.

I asked 502 if he could remember Moore's classroom, and he said he could. I asked 502 if he remembered seeing cameras in Moore's classroom. 502 advised that he did, and there were "tons" of cameras which is why they went into the green room where the sex acts occurred. 502 did not believe there was a camera in the green room. 502 advised that he believed where they were was out of sight from the cameras, but he is certain the cameras picked something up. 502 advised that Moore would turn the cameras so they would not face into the green room or wherever things were "happening." I asked 502 why he thought Moore did this. 502 advised because Moore did not want to get caught. I asked 502 if Moore ever said this to him. He advised yes, and everyone knew the blind spots of the cameras because Moore would talk about it. I asked 502 if the camera's worked, and he stated they did. I asked 502 how he knew this. He advised that you could go into the back room and turn on the monitor to see the cameras. 502 advised Mr. Laduke put up the cameras for theft reasons. I

asked 502 if Moore had access to the cameras. 502 advised that he did because he would talk about it.

502 drew a picture of the layout of Moore's classroom, where he remembered the cameras being located, and where the sexual acts occurred between him and Moore. 502 signed and dated this drawing. I later booked this drawing into OPD Evidence.

Probable cause existed to arrest Jonathan Moore for RCW 9A. 44.089 Child Molestation in the Third Degree for having sexual contact with 502 Child Vic when he was under the age of 16, by thrusting his pelvic area with an erect penis into 502 buttock, thigh region while they were "spooning", RCW 9.68A. 090 Communication with a Minor for Immoral Purposes based upon Moore having sexual conversations that began with 502 at the age of approximately 14 or 15 years old with the intent to develop a sexual relationship with 502 in the future, and for RCW 9A.44.096 Sexual Misconduct with a Minor in the Second Degree based upon Moore causing 502 who was under the age of eighteen to have sexual contact with him, while abusing his supervisory position as a teacher at Capital High School to engage in sexual contact with 502 while on school grounds.

On 02/21/2023, I applied for and was granted a warrant by Honorable Superior Court Judge Amamilo for Jonathan Moore's residence at 5220 Mt. Green Ln SE, Lacey, WA 98503, to include any outbuildings(s) or attached structures, Jonathan's 2014 Chevrolet Malibu bearing WA LIC BAW0858, any and all cellphones(s) and digital devices, the service provider records for T-Mobile, and to arrest Jonathan J. Moore.

On 02/23/2023, OPD Detectives, with the assistance of Officer Theis, responded to 5220 Mt. Green Ln SE for the search warrant service. While sitting outside Jonathan's residence, I observed a male subject matching the physical description of Jonathan J. Moore exit the residence and open the driver's door to the Chevrolet Malibu bearing WA LIC BAW0858 (Jonathan's vehicle) that was sitting in the driveway. Detective Hutnik and I contacted Jonathan at his vehicle at approximately 0802 hours. My department issued body camera was activated, capturing the contact with Jonathan and the warrant service. Please see the video for additional details. I informed Jonathan that he was under arrest. I then placed Jonathan into properly gauged double locked wrist restraints. A search was conducted search incident to arrest. Officer Theis located Jonathan's cellphone in his front right pocket. The cellphone was seized as evidence. No further items of evidentiary value were located on his person. Jonathan was placed into the back of Officer Theis's patrol vehicle, where I advised him of his Miranda Warnings from my department issued card at approximately 0804 hours. Jonathan invoked his rights and did not wish to continue speaking with me. Jonathan was transported to Thurston County Jail by Officer Theis, where he was booked on the above listed charges.

Affiant

I am a duly commissioned law enforcement officer in the State of Washington currently assigned to the Detective Division with the Olympia Police Department. In April of 2018, I was hired as a police officer with the City of Olympia Police Department. I attended and successfully

1 completed the 720- hour Washington State Criminal Justice Training Commission Basic Law
2 Enforcement Academy. The course work consisted of training in, but not limited to criminal
3 investigations related to theft, felony, and misdemeanor crimes against person(s) and property,
4 DUI, assault, child physical and sexual abuse, and domestic violence. Additionally, I have
5 attended ongoing training to include but not limited to, Basic Homicide Investigations, Child
6 Abuse Interview and Assessment, and Investigation of Child Homicide, Sexual Assault
7 Investigations, Victim-Centered Engagement and Resilience Tactics, Introduction to
8 Investigative Genetic Genealogy, Introduction to Crime Scene Investigation, Intermediate Crime
9 Scene Investigation, and I am a certified Force Science Analyst.

10 The facts set forth in this Affidavit are based on my own personal knowledge; knowledge
11 obtained from other individuals during my participation in this investigation, including other law
12 enforcement officers; interviews of witnesses; my review of records related to this investigation;
13 communications with others who have knowledge of the events and circumstances described
14 herein; and information gained through my training and experience.

15 Because this Affidavit is submitted for the limited purpose of establishing probable cause in
16 support of the application for a search warrant, it does not set forth each and every fact I or
17 others have learned during the course of this investigation. I have set forth only the facts I
18 believe are relevant to the determination of probable cause to believe evidence, fruits, and
19 instrumentalities of violations of **RCW 9A.44.089 Child Molestation in the Third Degree,**
20 **RCW 9A.68.090 Communication with a Minor for Immoral Purposes, and RCW 9A.44.096**
21 **Sexual Misconduct with a Minor in the Second Degree** will be found in or within the above
22 listed locations.

23 **The Investigation**

24 On 08/11/22, I was contacted by Detective Sgt. Weinnig regarding a potential sex offense that
25 occurred at Capital High School, located at 2707 Conger Ave NW and at Jefferson Middle
26 School located at 2200 Conger Ave NW in Olympia.

1 At approximately 1751 hours, I received a phone call from Anna Dragt who agreed to meet with
2 me the following day to conduct a telephonically recorded interview at approximately 1130
3 hours. The following is a summary of the information Anna provided within her statement:

4 Approximately two weeks ago she was working with her co-worker [REDACTED] 502 Child Vic Sex [REDACTED] DOB
5 04/13/2005 [REDACTED] 502 Child [REDACTED]. [REDACTED] 502 [REDACTED] started talking about when he went to Jefferson Middle School.
6 [REDACTED] 502 Child [REDACTED] described a relationship he developed with his digital media teacher by the name of
7 Jonathan Moore (aka Jonathan J. Moore DOB 03/24/1989). [REDACTED] 502 [REDACTED] told her he and Moore would
8 spend time together before and after school. When [REDACTED] 502 [REDACTED] proceeded on from Jefferson Middle
9 School to Capital High School, Moore followed and began teaching at Capital.

10 [REDACTED] 502 Child [REDACTED] told Anna he and Moore would communicate via text and email, but it is not known
11 exactly when the communication began. Once the pandemic started in 2020, [REDACTED] 502 Child [REDACTED] and Mr.
12 Moore began arranging to meet each other at the bleachers located at Jefferson Middle School.
13 Anna believed they met "very often" at least several times a week.

14 [REDACTED] 502 Child [REDACTED] disclosed the relationship between he and Mr. Moore became sexual but did not provide
15 details regarding what a sexual relationship meant to him. [REDACTED] 502 Child [REDACTED] told Anna Moore demanded
16 [REDACTED] 502 Child [REDACTED] call him his "boyfriend" and that he needed to say, "I love you." [REDACTED] 502 Child [REDACTED] did not
17 consider Moore his boyfriend. Anna advised Moore made [REDACTED] 502 Child [REDACTED] feel like he had to do all the
18 things they did because [REDACTED] 502 Child [REDACTED] is a "loner" and Moore had become a significant part of his life.

19 Anna advised [REDACTED] 502 Child [REDACTED] is currently 17 but it is highly possible he was 15 when he started to meet
20 Moore at the bleachers because it has been a couple of years. [REDACTED] 502 Child [REDACTED] disclosed to Anna he and
21 Moore "broke up" approximately 3 months ago for an unknown reason.

22 After my interview with Anna, I provided her my contact information to provide to [REDACTED] 502 [REDACTED] as he
23 was fearful of coming forward and did not want me to contact him. I expressed I would be
24 available whenever he felt comfortable and encouraged Anna to continue being a support system
25 to him.

26 On 08/12/22, I contacted administration staff at Capital High School to inform them of the
27 allegations being brought forward against Jonathan Moore due to him being a current teacher at
28 their facility. I met with Principal Lillian Hunter, Assistant Principal Ja'Wanne Brown, and other
29 respective staff at approximately 1000 hours the same day. I was notified Jonathan Moore was
30 currently on administrative leave due to previous professional misconduct allegations with
31 students. Capital High School informed me they would be cooperative with law enforcements
32 investigation.

1 I was provided with some of Jonathan J. Moore's information by Capital High School. The
2 information revealed Jonathan's full name was Jonathan Joseph Moore with a listed address of
3 5220 Mt. Green Ln SE in Lacey, WA 98503. A search through police databases confirmed this
4 information for Johnathan Moore to include his date of birth as 03/24/1989. Additionally,
5 surveillance was conducted at Jonathan Moore's residence, located at 5220 Mt. Green SE. The
6 residence is located within the Mountain Greens MH Estates Mobile Home Park in Lacey, WA.
7 Present at the time, parked in the carport of the residence was a 2014 Chevrolet Malibu Sedan
8 bearing WA LIC BAW0858. The vehicle is listed with Jonathan J. Moore as the registered
9 owner.

Interview:

11 On 08/17/2022, [REDACTED] 502 came forward and agreed to complete and audio and visually recorded
12 interview at the Olympia Police Department. [REDACTED] 502 Child's interview lasted approximately 3 hours
13 and 8 minutes. The following is a summary of [REDACTED] 502's statement:

14 I asked [REDACTED] 502 what we were here to talk about today. [REDACTED] 502 responded that it was weird to
15 say, but "abuse". [REDACTED] 502 Child described the abuse as largely emotional and sexual abuse that started
16 lightly in the 6th grade and "blew up" once he was in high school. [REDACTED] 502 Child provided the following
17 events as chronologically as his could recall.

6th grade (Jefferson Middle School):

18 [REDACTED] 502 described himself as a "wreck" and stated he did not shower or take care of himself. He
19 was put into a program called "Mind Builders" for advanced reading. [REDACTED] 502 Child advised Jonathan
20 Moore was the new teacher for Mind Builders that year. This was how he and Moore first met.
21 [REDACTED] 502 Child advised he really liked Moore at first and liked that he was strict, but not without reason.
22 [REDACTED] 502 Child advised he wanted to take more of Moore's classes the following year. [REDACTED] 502 explained
23 an incident where he wrote Moore a letter about how much his classes meant to him, and Moore
24 hung up the letter. [REDACTED] 502 advised this was a turning point in his relationship with Moore.

7th Grade (Jefferson Middle School):

25 [REDACTED] 502 Child advised he signed up for Reach and Visual Communications with Moore. He enjoyed
26 Visual Communications which created an environment for him to be around Moore. [REDACTED] 502 Child
27 advised Moore took the time to get to know him and put him into positions he was good at. He
28 described Moore as someone who did not immediately "discard him". [REDACTED] 502 Child advised it slowly
started happening along with other students, where they would stay after school with Moore until
approximately 1630-1700 hours. [REDACTED] 502 Child advised they usually stayed to film or talk about plans
for the classroom because the power was given to the students. Toward the end of 7th grade,

1 **502 Child** was given more opportunities and elected more responsibility within Visual
2 Communication program.

3 **8th Grade (Jefferson Middle School):**

4 During 8th Grade **502 Child** advised they made a sitcom called "The Studio" in Visual
5 Communications. This became the drive for people to stay late after school. **502 Child** became
6 involved with The Studio, and this was a big turning point in he and Moore's relationship. As
7 summer was approaching, students along with Moore began staying as late at 2100-2200 hours
8 filming. **502 Child** explained he was not forced to stay after school, he wanted to, and would
9 choose to stay. This developed into **502** staying after school just to have conversations with
10 Moore because he enjoyed talking to him. This occurred quite often and would result in he and
11 Moore staying alone for anywhere between 2-3 1/2 hours. I asked **502 Child** what would happen
12 during this time. **502 Child** advised he and Moore would talk about stuff such as philosophy. Moore
13 would order food for him, and Moore became his friend. I asked **502** out of a school week
14 how many days he would stay after with Moore. He advised 2 or 3 times a week minimum.
15 **502 Child** advised he and Moore would communicate via email during this time, but nothing was
16 "out of line".

17 I asked **502 Child** if while he was in 6th-8th grade if anything ever became physical between, he and
18 Moore, **502 Child** stated, "No." and stated during this time it was a "grooming" phase and was not a
19 relationship yet. **502** described Moore almost like a "parent" or like his "dad". **502 Child**
20 described his own behavior during this time as distanced from everyone, he stopped playing x-
21 box, and interacting with his friends. **502 Child** described himself as becoming reliant on Moore.

22 **Summer before 9th Grade:**

23 During the summer, **502 Child** along with fellow students would go to Moore's classroom at
24 Jefferson Middle school. During this time, they developed a plan that **502 Child** along with other
25 students involved, would return to Jefferson while they were at Capital High School, and would
26 teach students how to make "The Studio" to continue the production.

27 **Capital High School:**

28 **Freshman/Sophomore Year (14-15 Years Old):**

502 stated at least a couple of times a week, he would walk to Jefferson after school to talk to
Moore while he was a student at Capital High School. On March 13th, 2020, of 9th Grade, **502 Child**
was filming "The Studio" with Moore at Jefferson. Filming was not completed before school
was shut down due to Covid-19. **502 Child** explained he and Moore had become closer at this time
and it had become clear they were not just staying in contact for filming purposes. **502 Child** stated
he and Moore were going to stay in contact via email and Skype.

1 Skype calls between he and Moore began with other students present. This progressed to him and
2 Moore getting on Skype early to talk without anyone else on the call or staying on late to
3 continue talking. 502 Child advised he also began to meet Moore at Decatur Woods Park and the
4 bleachers at Jefferson Middle School. This too, started with other students present, but
5 progressed to being just him and Moore. Almost daily, including weekends he would go to
6 Jefferson Middle School bleachers to meet Moore to talk. 502 Child explained he and Moore also
7 started using Gmail to communicate. They would talk late into the night having hundreds of
8 emails between each other. Moore would become "very upset" if he did not respond quickly.
9 This then progressed to them using Google Hangouts/Chats to communicate because it was just
10 like texting.

11 502 advised every night at 2230 hours; Moore would call him and they would talk until
12 approximately 0100 hours on the phone. He had to hide this from his parents and lie about who
13 he was talking to. During this time, 502 Child advised he gained 50 or 60 lbs. I asked 502 Child why
14 this happened. He explained because all he would do is sit on his bed and talk to Moore and he
15 was sad. 502 Child explained his grades were failing during this time, but Moore started to do his
16 homework. 502 advised to this day he still does not know algebra or geometry because
17 Moore did all his homework.

18 502 Child advised his "relationship" started with Moore when he was approximately 14 or 15 years
19 old. 502 defined "relationship" to mean Moore would want him to call him his "boyfriend".
20 Moore told 502 they were going to spend their whole lives together, 502 Child was going to
21 find a surrogate for their children in running start at South Puget Sound Community College, and
22 they were going to name their children "Maryweather" and "Elliot".

23 Moore formulated a plan for after high school, when 502 Child was in college for a year or two. He
24 would have a project and would have an extra room at his apartment. 502 would stay in the
25 room while they worked on the project. Once 502 was an adult it would seem natural that
26 they were in a relationship. 502 Child explained there were several documents and notes made
27 about he and Moore's planned future, ideas on how to raise their kids, or what their life together
28 would look like. These ideas of their life were captured in Google Docs that Moore has since
renamed/and or deleted. I asked 502 Child why Moore would do this. He explained that whenever
there was a fight between them, Moore would take these documents from him.

During this time, especially once he and Moore entered a "relationship" he would go to Jefferson
Middle School to visit Moore and would sleep on the ground. Moore would sometimes take a
nap next to him. I asked 502 Child to explain to me how their bodies were when Moore would lay
down to take a nap next to him. 502 stated, "Like spooning." I asked 502 Child if Moore's body
would do anything during this time. 502 stated not really unless it was something sexual there

1 would be humping. 502 Child explained humping to be thrusting with him laying down on his side
2 facing away from Moore. Moore would be laying down on his side facing toward him, thrusting
3 his pelvis into his "ass" or "thigh". 502 Child advised he could feel Moore had an erection while he
4 was humping him. This happened approximately once or twice.

5 502 Child advised the topic of sex came up between he and Moore when he was around 14 or 15
6 years old. This would happen by Moore turning the conversation sexual, and talking about what
7 turned him on, such as the type of pornography he enjoyed. 502 Child explained Moore liked
8 "twinks" with very little hair and flacid penises. Moore would talk about how he wanted to be
9 submissive and wanted 502 to control him and punch him. I asked 502 if Moore ever had
10 him watch porn with him, he stated no. 502 Child explained Moore wanted sex but was willing to
11 wait. 502 Child advised once Moore came to Capital High School during his junior year (16 to 17
12 years old) the sexual acts began. I asked 502 how he and Moore would communicate about
13 sex. 502 Child advised sometimes they would call, sometimes over skype, but never over text or
14 email. Some of the sexual conversation may have occurred over "Google Chats" because this
15 was a primary means of communication between them.

13 JUNIOR YEAR (16-17 years old):

14 502 Child stated he would come to school between 0700- 0800 hours every day to see Moore and
15 would stay after school until 2130-2200 hours and it was not uncommon for him to spend
16 anywhere from 10-14 hours at the school with Moore daily.

17 Approximately two months into the school year, the sexual acts began. These would occur in the
18 interior newsroom at the school. Inside of the interior newsroom, there was a green room with
19 large black curtains. He and Moore would go into this room after everyone left around 2100
20 2200 hours. This occurred at least two or three times a week, sometimes daily. 502 Child explained
21 he was paranoid about the janitors because they would come into the other room, to the extent
22 that he would wear black shoes to blend into the curtain.

23 Moore would pressure him to go behind the curtain, where he would "fondle" Moore. I asked
24 502 Child what fondling meant to him. 502 stated rubbing Moore's testicles, kissing his neck,
25 touching the back or side of Moore's body, sometimes his "ass", and he would "masturbate"
26 Moore over his clothes sometimes under. 502 described that he would take his hand over
27 Moore's penis that was usually hard or half hard. He would stroke Moore's penis, and Moore
28 would have a lot of pre-ejaculates. He would try to avoid touching the head of Moore's penis,
although sometimes Moore would ask him too. 502 advised he would try to stick to the shaft
or lower shaft of Moore's penis while masturbating him but would stop before Moore ejaculated.
502 Child advised the "thrusting" also happened by him and Moore getting into positions that
looked like "sex positions" and they would "act" them out with their clothes on.

1
2 [502 Child] explained Moore only touched him once on his genital area with his hands. I asked
3 [502 Child] to tell me everything that happened when Moore touched his genital area. [502 Child] stated
4 he and Moore were again in the back room at the school. [502 Child] advised he was insecure about
5 his penis not being hard because he did not want Moore to be upset.

6 In this incident [502 Child] explained Moore's hand was "really cold". [502 Child] was standing with his
7 pants down and Moore reached into his underwear. Moore touched and stroked his penis with his
8 barehand and fingers. Moore was also rubbing his foreskin and making comments about it. This
9 lasted for approximately a minute until he told Moore "No". Moore started trying to go faster to
10 encourage him to not be done.

11 [502 Child] stated his sexual interactions with Moore were not consensual. The only time he would
12 indicate he wanted this with Moore was after he already refused it twenty times and decided this
13 was going to be his life. [502 Child] advised he verbalized several times to Moore, on a consistent
14 basis, he did not want to do these things with him.

15 [502 Child] advised he got away from Moore halfway through December of 2021 and the physical
16 contact ended. [502] advised the last time he talked to Moore was approximately four months
17 prior to him reporting the incident on 08/17/22.

18 **ADDITIONAL INFORMATION:**

19 [502 Child] explained he would mentally stay strong from Moore and would go weeks without taking
20 to him. During these periods [502] stated he was sad and would sometimes go back to his
21 friendships Moore made him break away from. He would have spiritistic contact with Moore and
22 explained a time he and Moore got into a fight because [502 Child] disclosed, he went back to talking
23 to some of his friends. It was approximately 0100 hours and Moore began threatening him over
24 the phone that he would slit his own wrist if he did not leave his friends or if he did not want
25 have sex with him. Moore showed him a knife he had in the room with him, and [502 Child] told
26 Moore he wanted his friends and did not want to be with him. Moore slit his wrist and [502 Child]
27 could hear it over the phone. [502 Child] explained he started begging for Moore to call back after
28 disconnecting to show him proof. Moore called him on Skype and showed [502 Child] his wrist that
was actively bleeding with a towel on it. Moore went to the hospital and told [502 Child] he gave
them the excuse that he was opening a box with a box cutter and cut himself. Moore told him he
did it for attention so [502 Child] would not leave.

29 Additionally, I was contacted by Scott Neiman with Olympia School District on 09/21/2022, I
30 was informed Jonathan J. Moore had been terminated as an employee of Capital High School

1 because of professional misconduct with students. These allegations of professional misconduct
2 were investigated by a private investigator and were handled internally which results in Jonathan
3 Moore being on administrative leave for a significant amount of time. [REDACTED] 502 Child Vic Sex was
4 interviewed as a result of this investigation previously by the private investigator, along with
5 multiple other students. I have been unable to review these allegations, their contents, and the
6 findings for potential evidence, witnesses, and/or victims that can speak to the behavior of
Jonathan Moore, his misconduct with students, or confirm if any further criminal acts may have
been committed.

7 I was informed after Jonathan Moore's termination, staff of the Olympia School District cleaned
8 out the classroom Moore operated out of. Several "security" style cameras were discovered in
9 the classroom in the area of Jonathan's office, and the back green room (where the sexual acts
10 with [REDACTED] 502 Child Vic Sex occurred) from the brand "Q-See". These cameras were installed prior to
11 Moore taking over the classroom however the school advised they believed the camera's to be
12 inoperable. The cameras were removed and were secured at the Olympia School District Office
13 located at 111 Bethel ST NE, Olympia, WA 98506 prior to law enforcement being able to
14 photograph and collect them in their original condition. I later responded to the school and met
15 with Daniel Grimm DOB 07/02/1959 who completed an audio and visually recorded walk
16 through of the classroom with me showing where all the cameras were located. While
17 conducting the walk through, an additional camera was found in the green room that was not
18 removed. I captured this camera on video along with additional photographs. While meeting with
19 Daniel Grimm, he informed me of a time he along with the school Principal at the time were
20 conducting walk throughs of the school, during a school dance. They found the light on in
21 Moore's classroom, where Moore was found alone with a student around 2200-2300 hours in the
22 back editing room. When confronted Moore told Grimm they were being recorded in the room.
23 This comment led Grimm to believe now, the cameras were operable.

24 Additionally, several USB drives were located along with the cameras and were placed secured
25 into Capital High School Principal Lil Hunter's office. On 09/26/2022, I was contacted again by
26 Scott Neiman and informed of a hidden USB drive that was found taped underneath Jonathan
27 Moore's classroom desk. The USB drive was located after the desk was being removed from the
28 classroom for cleaning. This USB drive was placed with the other's again secured in the
principal's office pending application of this search warrant.

29 At this time, probable cause exists to arrest Jonathan Moore for **RCW 9A. 44.089 Child**
30 **Molestation in the Third Degree** for having sexual contact with [REDACTED] 502 Child Vic Sex when he was
31 under the age of 16, by thrusting his pelvic area with an erect penis into [REDACTED] 502 Child buttock, thigh
32

1 region while they were “spooning”, **RCW 9.68A.090 Communication with a Minor for**
2 **Immoral Purposes** based upon Moore having sexual conversations that began with **502 Child** at
3 the age of approximately 14 or 15 years old with the intent to develop a sexual relationship with
4 **502 Child** in the future, and for **RCW 9A.44.096 Sexual Misconduct with a Minor in the Second**
5 **Degree** based upon Moore causing **502** who was under the age of eighteen to have sexual
6 contact with him, while abusing his supervisory position as a teacher at Capital High School to
7 engage in sexual contact with **502 Child** while on school grounds.

8 Due to Moore’s background in digital technology and filming, it is not unreasonable to believe
9 he would know how to operate such a media system as the “Q-See” cameras, and or that he
10 would know how to extract data from the system and store it on a USB drive. Based upon the
11 location of the cameras within the classroom, it is possible they may have captured the sexual
12 acts between Jonathan Moore and **502 Child Vic Sex** and or footage of Jonathan Moore’s
13 interactions other student victims, such as the one that was found alone with Moore during the
14 school dance.

15 Based upon my training and experience and that of other officers, I know it to be true camera
16 systems can have contents downloaded to a USB, DVR(s), hard drive(s), SD Cards, or stored on
17 a cloud-based system. Furthermore, I know it to be true those involved in sexual crimes against
18 children will often photograph and record content without the knowledge of the participant for
19 themselves or others. This content is often stored in various media to include but not limited to
20 DVR(s), hard drive(s), SD Cards, USB, and/or associated cloud based storage systems, or similar
21 for future viewing, distribution, and/or to prevent discovery or disposal of such content.

22 Based on all the foregoing information, I believe that evidence of the above-listed
23 crime(s) exists at the above-described location(s), and that there is probable cause to search that
24 location(s) for evidence of the above-listed crimes, and seize, if located, evidence of the above
25 listed crimes, including:

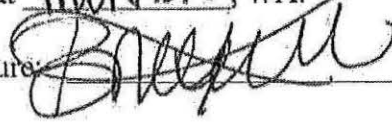

- 26 • Q-See camera(s) and system to include but not limited to any and all associated DVR(s),
27 hard drive(s), SD Cards, USB drives, associated cloud based storage systems, or similar
28 for video evidence capturing the sexual acts that occurred between Jonathan Moore and
502 Child Vic Sex or any video evidence that shows Jonathan Moore alone in the room
with **502 Child Vic Sex** or any video of evidentiary value as it relates to Jonathan Moore’s
relationship with **502 Child Vic Sex** ; or other students of Capital High School.
- Any and all located USB drives currently stored in Capital High School Principal Lil
Hunter’s office for any and all digital data, to include but not limited to depictions of the

1 sexual acts that occurred between Jonathan Moore and [REDACTED] 502 Child Vic Sex [REDACTED], or any video

3 video of evidentiary value as it relates to Jonathan Moore's relationship with [REDACTED] 502 Child Vic
4 [REDACTED] 502 [REDACTED] or other students of Capital High School.

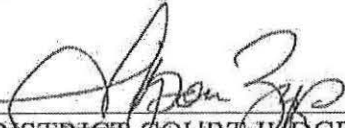

- 5 • Any personnel records from Olympia School District involving Jonathan J. Moore DOB
6 03/24/1989 to include any disciplinary records or internal investigation documents
7 surrounding professional misconduct with students, to include interviews with students
8 from Capital High School, allegations made against Jonathan Moore, and their findings
9 which resulted in the termination of Jonathan Moore.
- 10 • Evidence of dominion and control of the place searched and items seized including but not
11 limited to receipts, identification, documents, photographs/video, and other personal
12 property whose owner/possessor may be readily determined.

Affiant

I am a duly commission law enforcement officer in the State of Washington currently assigned to the Detective Division with the Olympia Police Department. In April of 2018, I was hired as a police officer with the City of Olympia Police Department. I attended and successfully completed the 720- hour Washington State Criminal Justice Training Commission Basic Law Enforcement Academy. The course work consisted of training in, but not limited to criminal investigations related to theft, felony, and misdemeanor crimes against person(s) and property, DUI, assault, child physical and sexual abuse, and domestic violence. Additionally, I have attended ongoing training to include but not limited to, Basic Homicide Investigations, Child Abuse Interview and Assessment, and Investigation of Child Homicide, Sexual Assault Investigations, Victim-Centered Engagement and Resilience Tactics, Introduction to

1 Investigative Genetic Genealogy, Introduction to Crime Scene Investigation, Intermediate Crime
2 Scene Investigation, and I am a certified Force Science Analyst.

3
4 The facts set forth in this Affidavit are based on my own personal knowledge;
5 knowledge obtained from other individuals during my participation in this investigation,
6 including other law enforcement officers; interviews of witnesses; my review of records related
7 to this investigation; communications with others who have knowledge of the events and
8 circumstances described herein; and information gained through my training and experience.

9
10 Because this Affidavit is submitted for the limited purpose of establishing probable cause
11 in support of the application for a search warrant, it does not set forth each and every fact I or
12 others have learned during the course of this investigation. I have set forth only the facts I
13 believe are relevant to the determination of probable cause to believe evidence, fruits, and
14 instrumentalities of violations of **RCW 9A.44.089 Child Molestation in the Third Degree,**
15 **RCW 9A.68.090 Communication with a Minor for Immoral Purposes, and RCW 9A.44.096**
16 **Sexual Misconduct with a Minor in the Second Degree** will be found in or within the above
17 listed locations.

18 The Investigation

19 On 08/11/22, I was contacted by Detective Sgt. Weinnig regarding a potential sex offense that
20 occurred at Capital High School, located at 2707 Conger Ave NW and at Jefferson Middle
21 School located at 2200 Conger Ave NW in Olympia.

22 At approximately 1751 hours, I received a phone call from Anna Dragt who agreed to meet with
23 me the following day to conduct a telephonically recorded interview at approximately 1130
24 hours. The following is a summary of the information Anna provided within her statement:

25 Approximately two weeks ago she was working with her co-worker [REDACTED] 502 Child Vic Sex DOB
26 04/13/2005 "[REDACTED] 502". [REDACTED] 502 started talking about when he went to Jefferson Middle School.
27 [REDACTED] 502 described a relationship he developed with his digital media teacher by the name of
Jonathan Moore (aka Jonathan J. Moore DOB 03/24/1989). [REDACTED] 502 told her he and Moore would
spend time together before and after school. When [REDACTED] 502 proceeded on from Jefferson Middle
School to Capital High School, Moore followed and began teaching at Capital.

1 [REDACTED] 502 told Anna he and Moore would communicate via text and email, but it is not known
2 exactly when the communication began. Once the pandemic started in 2020, [REDACTED] 502 and Mr.
3 Moore began arranging to meet each other at the bleachers located at Jefferson Middle School.
4 Anna believed they met "very often" at least several times a week.

5 [REDACTED] 502 Child disclosed the relationship between he and Mr. Moore became sexual but did not provide
6 details regarding what a sexual relationship meant to him. [REDACTED] 502 Child told Anna Moore demanded
7 [REDACTED] 502 call him his "boyfriend" and that he needed to say, "I love you." [REDACTED] 502 did not
8 consider Moore his boyfriend. Anna advised Moore made [REDACTED] 502 feel like he had to do all the
9 things they did because [REDACTED] 502 is a "loner" and Moore had become a significant part of his life.

10 Anna advised [REDACTED] 502 is currently 17 but it is highly possible he was 15 when he started to meet
11 Moore at the bleachers because it has been a couple of years. [REDACTED] 502 disclosed to Anna he and
12 Moore "broke up" approximately 3 months ago for an unknown reason.

13 After my interview with Anna, I provided her my contact information to provide to [REDACTED] 502 as he
14 was fearful of coming forward and did not want me to contact him. I expressed I would be
15 available whenever he felt comfortable and encouraged Anna to continue being a support system
16 to him.

17 On 08/12/22, I contacted administration staff at Capital High School to inform them of the
18 allegations being brought forward against Jonathan Moore due to him being a current teacher at
19 their facility. I met with Principal Lillian Hunter, Assistant Principal Ja'Wanne Brown, and other
20 respective staff at approximately 1000 hours the same day. I was notified Jonathan Moore was
21 currently on administrative leave due to previous professional misconduct allegations with
22 students. Capital High School informed me they would be cooperative with law enforcements
23 investigation.

24 I was provided with some of Jonathan J. Moore's information by Capital High School. The
25 information revealed Jonathan's full name was Jonathan Joseph Moore with a listed address of
26 5220 Mt. Green Ln SE in Lacey, WA 98503. A search through police databases confirmed this
27 information for Johnathan Moore to include his date of birth as 03/24/1989. Additionally,
surveillance was conducted at Jonathan Moore's residence, located at 5220 Mt. Green SE. The
residence is located within the Mountain Greens MH Estates Mobile Home Park in Lacey, WA.
Present at the time, parked in the carport of the residence was a 2014 Chevrolet Malibu Sedan
bearing WA LIC BAW0858. The vehicle is listed with Jonathan J. Moore as the registered
owner.

Interview:

On 08/17/2022, 502 came forward and agreed to complete and audio and visually recorded interview at the Olympia Police Department. 502's interview lasted approximately 3 hours and 8 minutes. The following is a summary of 502's statement:

I asked 502 what we were here to talk about today. 502 responded that it was weird to say, but "abuse". 502 described the abuse as largely emotional and sexual abuse that started lightly in the 6th grade and "blew up" once he was in high school. 502 provided the following events as chronologically as his could recall.

6th grade (Jefferson Middle School):

502 Child described himself as a "wreck" and stated he did not shower or take care of himself. He was put into a program called "Mind Builders" for advanced reading. 502 advised Jonathan Moore was the new teacher for Mind Builders that year. This was how he and Moore first met. 502 Child advised he really liked Moore at first and liked that he was strict, but not without reason. 502 Child advised he wanted to take more of Moore's classes the following year. 502 explained an incident where he wrote Moore a letter about how much his classes meant to him, and Moore hung up the letter. 502 advised this was a turning point in his relationship with Moore.

7th Grade (Jefferson Middle School):

502 advised he signed up for Reach and Visual Communications with Moore. He enjoyed Visual Communications which created an environment for him to be around Moore. 502 advised Moore took the time to get to know him and put him into positions he was good at. He described Moore as someone who did not immediately "discard him". 502 advised it slowly started happening along with other students, where they would stay after school with Moore until approximately 1630-1700 hours. 502 advised they usually stayed to film or talk about plans for the classroom because the power was given to the students. Toward the end of 7th grade, 502 Child was given more opportunities and elected more responsibility within Visual Communication program.

8th Grade (Jefferson Middle School):

During 8th Grade 502 Child advised they made a sitcom called "The Studio" in Visual Communications. This became the drive for people to stay late after school. 502 became involved with The Studio, and this was a big turning point in he and Moore's relationship. As summer was approaching, students along with Moore began staying as late at 2100-2200 hours filming. 502 explained he was not forced to stay after school, he wanted to, and would choose to stay. This developed into 502 staying after school just to have conversations with Moore because he enjoyed talking to him. This occurred quite often and would result in he and Moore staying alone for anywhere between 2-3 1/2 hours. I asked 502 Child what would happen

1 during this time. 502 advised he and Moore would talk about stuff such as philosophy. Moore
2 would order food for him, and Moore became his friend. I asked 502 out of a school week
3 how many days he would stay after with Moore. He advised 2 or 3 times a week minimum.

4 502 Child advised he and Moore would communication via email during this time, but nothing was
5 "out of line".

6 I asked 502 if while he was in 6th-8th grade if anything ever became physical between, he and
7 Moore. 502 Child stated, "No." and stated during this time it was a "grooming" phase and was not a
8 relationship yet. 502 Child described Moore almost like a "parent" or like his "dad". 502 Child
9 described his own behavior during this time as distanced from everyone, he stopped playing x-
10 box, and interacting with his friends. 502 Child described himself as becoming reliant on Moore.

11 **Summer before 9th Grade:**

12 During the summer, 502 Child along with fellow students would go to Moore's classroom at
13 Jefferson Middle school. During this time, they developed a plan that 502 along with other
14 students involved, would return to Jefferson while they were at Capital High School, and would
15 teach students how to make "The Studio" to continue the production.

16 **Capital High School:**

17 **Freshman/Sophomore Year (14-15 Years Old):**

18 502 stated at least a couple of times a week, he would walk to Jefferson after school to talk to
19 Moore while he was a student at Capital High School. On March 13th, 2020, of 9th Grade, 502
20 was filming "The Studio" with Moore at Jefferson. Filming was not completed before school
21 was shut down due to Covid-19. 502 explained he and Moore had become closer at this time
22 and it had become clear they were not just staying in contact for filming purposes. 502 stated
23 he and Moore were going to stay in contact via email and Skype.

24 Skype calls between he and Moore began with other students present. This progressed to him and
25 Moore getting on Skype early to talk without anyone else on the call or staying on late to
26 continue talking. 502 advised he also began to meet Moore at Decatur Woods Park and the
27 bleachers at Jefferson Middle School. This too, started with other students present, but
28 progressed to being just him and Moore. Almost daily, including weekends he would go to
29 Jefferson Middle School bleachers to meet Moore to talk. 502 Child explained he and Moore also
30 started using Gmail to communicate. They would talk late into the night having hundreds of
31 emails between each other. Moore would become "very upset" if he did not respond quickly.
32 This then progressed to them using Google Hangouts/Chats to communicate because it was just
33 like texting.

34 502 Child advised every night at 2230 hours; Moore would call him and they would talk until
35 approximately 0100 hours on the phone. He had to hide this from his parents and lie about who

1 he was talking to. During this time, 502 Child advised he gained 50 or 60 lbs. I asked 502 why
2 this happened. He explained because all he would do is sit on his bed and talk to Moore and he
3 was sad. 502 Child explained his grades were failing during this time, but Moore started to do his
4 homework. 502 advised to this day he still does not know algebra or geometry because
5 Moore did all his homework.

6 502 advised his "relationship" started with Moore when he was approximately 14 or 15 years
7 old. 502 Child defined "relationship" to mean Moore would want him to call him his "boyfriend".
8 Moore told 502 they were going to spend their whole lives together, 502 was going to
9 find a surrogate for their children in running start at South Puget Sound Community College, and
10 they were going to name their children "Maryweather" and "Elliot".

11 Moore formulated a plan for after high school, when 502 Child was in college for a year or two. He
12 would have a project and would have an extra room at his apartment. 502 would stay in the
13 room while they worked on the project. Once 502 Child was an adult it would seem natural that
14 they were in a relationship. 502 explained there were several documents and notes made
15 about he and Moore's planned future, ideas on how to raise their kids, or what their life together
16 would look like. These ideas of their life were captured in Google Docs that Moore has since
17 renamed/and or deleted. I asked 502 why Moore would do this. He explained that whenever
18 there was a fight between them, Moore would take these documents from him.

19 During this time, especially once he and Moore entered a "relationship" he would go to Jefferson
20 Middle School to visit Moore and would sleep on the ground. Moore would sometimes take a
21 nap next to him. I asked 502 to explain to me how their bodies were when Moore would lay
22 down to take a nap next to him. 502 Child stated, "Like spooning." I asked 502 if Moore's body
23 would do anything during this time. 502 stated not really unless it was something sexual there
24 would be humping. 502 Child explained humping to be thrusting with him laying down on his side
25 facing away from Moore. Moore would be laying down on his side facing toward him, thrusting
26 his pelvis into his "ass" or "thigh". 502 Child advised he could feel Moore had an erection while he
27 was humping him. This happened approximately once or twice.

28 502 advised the topic of sex came up between he and Moore when he was around 14 or 15
29 years old. This would happen by Moore turning the conversation sexual, and talking about what
30 turned him on, such as the type of pornography he enjoyed. 502 Child explained Moore liked
31 "twinks" with very little hair and flacid penises. Moore would talk about how he wanted to be
32 submissive and wanted 502 to control him and punch him. I asked 502 Child if Moore ever had
33 him watch porn with him, he stated no. 502 explained Moore wanted sex but was willing to
34 wait. 502 advised once Moore came to Capital High School during his junior year (16 to 17
35 years old) the sexual acts began. I asked 502 Child how he and Moore would communicate about
36 sex. 502 advised sometimes they would call, sometimes over skype, but never over text or

1 email. Some of the sexual conversation may have occurred over "Google Chats" because this
2 was a primary means of communication between them.

3 **JUNIOR YEAR (16-17 years old):**

4 [502] stated he would come to school between 0700- 0800 hours every day to see Moore and
5 would stay after school until 2130-2200 hours and it was not uncommon for him to spend
6 anywhere from 10-14 hours at the school with Moore daily.

7 Approximately two months into the school year, the sexual acts began. These would occur in the
8 interior newsroom at the school. Inside of the interior newsroom, there was a green room with
9 large black curtains. He and Moore would go into this room after everyone left around 2100
10 2200 hours. This occurred at least two or three times a week, sometimes daily. Charlie explained
11 he was paranoid about the janitors because they would come into the other room, to the extent
12 that he would wear black shoes to blend into the curtain.

13 Moore would pressure him to go behind the curtain, where he would "fondle" Moore. I asked
14 [502 Child] what fondling meant to him. [502] stated rubbing Moore's testicles, kissing his neck,
15 touching the back or side of Moore's body, sometimes his "ass", and he would "masturbate"
16 Moore over his clothes sometimes under. [502] described that he would take his hand over
17 Moore's penis that was usually hard or half hard. He would stroke Moore's penis, and Moore
18 would have a lot of pre-ejaculates. He would try to avoid touching the head of Moore's penis,
19 although sometimes Moore would ask him too. [502] advised he would try to stick to the shaft
20 or lower shaft of Moore's penis while masturbating him but would stop before Moore ejaculated.
21 [502] advised the "thrusting" also happened by him and Moore getting into positions that
22 looked like "sex positions" and they would "act" them out with their clothes on.

23 [502 Child] explained Moore only touched him once on his genital area with his hands. I asked
24 [502 Child] to tell me everything that happened when Moore touched his genital area. [502] stated
25 he and Moore were again in the back room at the school. [502] advised he was insecure about
26 his penis not being hard because he did not want Moore to be upset.

27 In this incident [502] explained Moore's hand was "really cold". [502 Child] was standing with his
pants down and Moore reached into his underwear. Moore touched and stroked his penis with his
barehand and fingers. Moore was also rubbing his foreskin and making comments about it. This
lasted for approximately a minute until he told Moore "No". Moore started trying to go faster to
encourage him to not be done.

[502] stated his sexual interactions with Moore were not consensual. The only time he would
indicate he wanted this with Moore was after he already refused it twenty times and decided this

1 was going to be his life. 502 advised he verbalized several times to Moore, on a consistent
2 basis, he did not want to do these things with him.

3 502 Child advised he got away from Moore halfway through December of 2021 and the physical
4 contact ended. 502 advised the last time he talked to Moore was approximately four months
5 prior to him reporting the incident on 08/17/22.

6 **ADDITIONAL INFORMATION:**

7 502 explained he would mentally stay strong from Moore and would go weeks without taking
8 to him. During these periods 502 stated he was sad and would sometimes go back to his
9 friendships Moore made him break away from. He would have spiritistic contact with Moore and
10 explained a time he and Moore got into a fight because 502 disclosed, he went back to talking
11 to some of his friends. It was approximately 0100 hours and Moore began threatening him over
12 the phone that he would slit his own wrist if he did not leave his friends or if he did not want
13 have sex with him. Moore showed him a knife he had in the room with him, and 502 told
14 Moore he wanted his friends and did not want to be with him. Moore slit his wrist and 502
15 could hear it over the phone. 502 explained he started begging for Moore to call back after
16 disconnecting to show him proof. Moore called him on Skype and showed 502 his wrist that
17 was actively bleeding with a towel on it. Moore went to the hospital and told 502 he gave
18 them the excuse that he was opening a box with a box cutter and cut himself. Moore told him he
19 did it for attention so 502 would not leave.

20 **COMMUNICATION PLATFORMS:**

21 502 advised he and Moore would communicate on a variety of platforms such as, Google
22 Hangouts, Google Chat, multiple Gmail accounts, Google Docs, Google Drive, Skype, phone
23 calls/text messages made from 502's cellphone (502 Child Vic Sex) and Moore's cellphone
24 (360-970-1431), and Discord via Oscar Pecan's account "PelicanPecan". 502 Child provided me
25 with a list of usernames/account information/emails that he could recall using with Moore. He
26 provided the following email addresses: 502 Child Vic Sex with an associated name of
27 "Samuel G." on the account, Jomoore@osd.wednet.edu, 502 Child Vic Sex,
502 Child Vic Sex. Additionally, he advised Jonathan Moore's Skype
username was "Home Access".

502 advised Moore forced him to provide the login information for his accounts, so he too
had access to them. Moore would communicate with 502 via these accounts to make it appear
as though 502 Child was talking to himself. 502 Child provided the example Moore had used his
student email 502 Child Vic Sex and would send emails back to the same
address to make it appear as though the communication was one sided, however Moore was
writing to him in a non-obvious way.

1 Prior to meeting with law enforcement [502] advised he attempted to go through his email
2 accounts to locate the communication between he and Moore. [502] advised it appears that
3 recently Moore went into the accounts and has deleted the communications and or documents
4 they shared together.

5 In an attempt to retrieve digital evidence contained within his cellphone, [502 Child] completed an
6 Olympia Police Department Voluntary Permission to Search form, to allow an OPD Digital
7 Forensic Examiner to download his device for further examination. The search of this device is
8 still being conducted.

9 At this time, probable cause exists to arrest Jonathan Moore for **RCW 9A. 44.089 Child**
10 **Molestation in the Third Degree** for having sexual contact with [502 Child Vic Sex] when he was
11 under the age of 16, by thrusting his pelvic area with an erect penis into [502] buttock, thigh
12 region while they were "spooning", **RCW 9.68A. 090 Communication with a Minor for**
13 **Immoral Purposes** based upon Moore having sexual conversations that began with [502] at
14 the age of approximately 14 or 15 years old with the intent to develop a sexual relationship with
15 [502 Child] in the future, and for **RCW 9A.44.096 Sexual Misconduct with a Minor in the Second**
16 **Degree** based upon Moore causing [502] who was under the age of eighteen to have sexual
17 contact with him, while abusing his supervisory position as a teacher at Capital High School to
18 engage in sexual contact with [502] while on school grounds.

19 Therefore I am requesting a warrant for the above listed google accounts associated with the
20 following emails: [502 Child Vic Sex] and [502 Child Vic Sex] based on the
21 information provided by [502 Child Vic Sex] regarding the extensive contact he had with Jonathan J.
22 Moore via these accounts and the contact that occurred therein may contain evidence of the
23 above listed crimes.

24 Google Specific Facts

25 For the following section(s), I am relying on the knowledge and experience of experts in
26 the field who know, understand and have provided the following information:

27 Google is an online search engine, content platform, service provider, and information
amalgamator. Since their debut Google currently maintains a variety of online content products
and services and they are ranked as one of the most frequently visited web sites in the United
States. The following information was gleaned from Google's website, privacy policy and other
on-line resources:

1 Google offers a large number of products including Gmail, Chrome Web Browser, Waze,
2 YouTube, Chromecast, Google Home, Android, Google Auto, Google Maps, Gmail, the
3 Google+ social media site, photo hosting platforms and many others. In addition to information
4 Google obtains from a user using their services, Google collects data on a user from other
5 companies doing business on the internet. They amalgamate the data in order to sell advertising
6 aimed at the specific user.

7 Google identifies accounts in a variety of ways, primarily by Gmail account, but also
8 telephone number, or IMEI number of an Android device. Basic data that Google stores about
9 users include:

- 10 • Name, gender and date of birth
- 11 • Email addresses
- 12 • Phone numbers
- 13 • Websites visited
- 14 • Searches made on Google Search
- 15 • Ad preferences
- 16 • YouTube search history and recently watched videos

17 Location data is also collected and stored by Google. They use advanced location
18 recognition technology in order to routinely calculate your location. Android phones, which run
19 off of Google's services, and Pixel, Google's own phone, track and record a users location
20 through several means, including Wi-Fi, GPS and cellular networks.

21 Other more specific types of information collected and stored by Google include the
22 following:

- 23 1. Account Information - User name, primary email address, secondary email
24 addresses, connected applications and sites, and account activity, including account sign in
25 locations, browser information, platform information, and internet protocol (IP) addresses;
- 26 2. Android Information - Device make, model, and International Mobile Equipment
27 Identifier (IMEI) or Mobile Equipment Identifier (MEID) of all associated devices linked to the
Google accounts of the target device;
3. Evidence of user attribution - accounts, e-mail accounts, passwords, PIN codes,
account names, user names, screen names, remote data storage accounts, credit card number or
other payment methods, contact lists, calendar entries, text messages, voice mail messages,
pictures, videos, telephone numbers, mobile devices, physical addresses, historical GPS

1 locations, two-step verification information, or any other data that may demonstrate attribution to
2 a particular user or users of the account(s).

3 4. Calendar - Calendars, including shared calendars and the identities of those with
4 whom they are shared, calendar entries, notes, alerts, invites, and invitees;

5 5. Contacts - Contacts stored by Google including name, contact phone numbers,
6 emails, social network links, and images;

7 6. Documents – All user created documents stored by Google;

8 7. Finance - Records of securities, funds, and portfolios associated with the target
9 Google account and/or target device;

10 8. Gmail - All email messages, including inbox messages, sent mail, saved drafts,
11 chat histories, and emails in the trash folder. Such messages include information such as the date,
12 time, internet protocol (IP) address routing information, sender, receiver, subject line, any other
13 parties sent the same electronic mail through the 'cc' (carbon copy) or the 'bcc' (blind carbon
14 copy), the message content or body, and attached files;

15 9. Google Photos - Images, graphic files, video files, and other media files stored in
16 the Google Photos service;

17 10. Location History - Location data including that derived from Global Positioning
18 System (GPS) data, cell site/cell tower triangulation/trilateration, precision measurement
19 information such as timing advance or per call measurement data, and Wi-Fi location. Such data
20 typically includes the GPS coordinates and the dates and times of all location recordings;

21 11. Play Store - Applications downloaded, installed, and/or purchased by the
22 associated account and/or device;

23 12. Search History - All search history and queries;

24 13. Voice - Call detail records, connection records, short message system (SMS) or
25 multimedia message system (MMS) messages, and voicemail messages sent by or from the
26 Google Voice account associated with the target account/device;

27 14. Google Home – Information related to Google Home including, but not limited to,
device names, serial numbers, Wi-Fi networks, addresses, media services, linked devices, video
services, voice and audio activity, and voice recordings with dates and times.

1 15. Google Assistant – Information related to Google Assistant including device
2 names, serial numbers, Wi-Fi networks, addresses, media services, linked devices, video
3 services, voice and audio activity, and voice recordings with dates and times.

4 16. Android Auto – Information related to Android Auto including, but not limited to,
5 device names, serial numbers and identification numbers, device names, maps and map data,
6 communications including call logs and text messages, voice actions, and location data.

7 17. Android Drive – Data stored in the Google Drive for the listed account.

8 **Explanation of the Internet and Internet Related Terms**

9 When an individual communicates through the Internet, the individual leaves an Internet
10 Protocol (IP) address which identifies the individual user by account and Internet Service
11 Provider (ISP). An IP address, together with the date and time of a communication is unique to
12 each communication. IP addresses are assigned to Internet Service Providers who in turn assign
13 specific addresses to individual users. In some cases, IP Addresses are shared with many users.
14 In such situations users are assigned a Port number that, combined with the IP address and time
15 and date of use, can uniquely identify the user.

16 Internet Service Providers and others who are assigned ranges of IP addresses typically
17 maintain a record of their sub-assignment of individual IP addresses to individual users. When
18 such records are maintained it is possible to identify the specific account associated with the use
19 of a particular IP address at a specific date and time, and the specific physical computer and
20 location from which the communication is transmitted.

21 Based on the above, I believe that evidence of the above listed crime(s) are located at the
22 above identified location for the above-described Google account, and that the court should issue
23 a warrant to search for the below-described records and seize, if located, evidence of the above-
24 listed crimes for account: [REDACTED] 503 Child Vic Wit and [REDACTED] 503 Child Vic Wit for the date
25 range of **March 13th, 2020, through May 31st, 2022,**

- 26
- All identity and contact information associated with the account, including full name, e-mail address, physical address (including city, state, and zip code), date of birth, gender, hometown, occupation, telephone numbers, other personal identifiers, past and current usernames, and account passwords;
 - All IP logs and other documents showing the IP address, date, and time of each access the account for the date range above;
- 27

- All electronic mail content and/or preserved data (including e-mail, attachments, and embedded files) that was sent from or received by the above identified account;
- All photographs, videos and images in the user profile for the above date range;
- Data stored on Google servers regarding application data for the target account. This data is included in the data stored by apps including location history, contacts, messaging data and other user specific data captured by Google and stored;
- All files contained within the Google Drive service provided by Google, Inc. and is associated with the target account(s). To include media in all formats from all folders and albums (shared, private, or public) including but not limited to digital photos, video files, links, documents, shortcuts, sound files, and executable files. This is to include any files that were saved, uploaded, shared, generated, and/or transferred into the accounts associated with the above listed emails;
- All records contained and associated with the Google Voice service provided by Google, Inc. and associated with the target account(s). This is to include any voicemail, text messages, and call logs associated with the account as well as any friends list, missed calls, stored numbers, forwarded numbers, and contents of the deleted folder.
- All images, graphic files, video files, and other media files stored in the Account, including those associated with Google Photos, Google Drive, Gmail, or Google Hangouts, and associated metadata, logs, and user settings;
- The contents of all stored messages (including SMS and MMS messages), audio, video, images, and other data sent or received using Google Hangouts, Google Voice, or other messaging platforms, and all related logs and user settings;

And further, law enforcement is commanded to search those records, once obtained, and seize evidence of the above crimes including:

- Email including header information and any items attached to the email containing discussion of, depictions of, or reference to content that is evidence of the above-listed crimes, such as contents discussing to include but not limited to: plans to live together, plans after high school, plans of a surrogate from South Puget Sound Community College, names of Moore's and 503 Child proposed children "Maryweather" and "Elliot", sexual conversations discussing having sex, pornography, "twinks", and plans or discussions of events surrounding meeting at Jefferson Middle School/Capital High School.
- Email and items attached to email correspondence between the user and 503 Child Vic Wit, 503 Child Vic Wit, 503 Child Vic Wit, and Jomoore@osd.wednet.edu, with whom communication is evidence of the crimes; and
- Any and all correspondence via Google Hangouts to include attachments that occurred between 503 Child Vic Wit, 503 Child Vic Wit, 503 Child Vic Wit, and Jomoore@osd.wednet.edu
- Google Chats conversations and items attached to chat correspondence between the user and 503 Child Vic Wit, 503 Child Vic Wit, 503 Child Vic Wit, and Jomoore@osd.wednet.edu
- Evidence indicating a relationship between the account user and 503 Child Vic Wit and Jonathan J. Moore.

- 1
- 2
- 3
- 4
- 5
- 6
- 7
- Evidence including documents shared via Google Docs or saved in Google Drive or other related files that were shared between the above listed user accounts and or accounts associated with Jonathan J. Moore, to include but not limited to discussing 503 and Jonathan's relationship, plans for their future relationship, sexual relationship, key phrases "Maryweather" and "Elliot", discussions of finding a surrogate, plans to meet each other to include but not limited to the locations of Jefferson Middle School, Capital High School, and Decatur Woods Park.
 - Evidence of dominion and control over the account and associated accounts, such as the identity, address, financial information or images relating to the person(s) who created or used the account(s), and evidence of customer contacts and provider response;

Request for Nondisclosure Order. I also ask the court to enter an order directing the receiving service provider(s) not to disclose the existence of this warrant and application, to anyone save its legal counsel for the purpose of receiving legal advice. 18 U.S.C. 2705(b) authorizes the court to issue this order.

13

14

15

16

17

Disclosure of the information contained in this warrant or application to any person, including the account subscriber, would contravene and frustrate the exercise and enforcement of this warrant; endanger the life or physical safety of an individual; risk flight from prosecution; risk destruction of or tampering with evidence; risk intimidation of potential witnesses; and/or otherwise seriously jeopardize an investigation.

18

19

20

21

22

23

In my experience, suspects who know their activity is being investigated by law enforcement quickly change their behavior. They often stop using the social networking sites that they had previously been using, and delete incriminating content. They also frequently flee to unknown locations, hide or destroy evidence, and otherwise alter their behavior, taking other actions to conceal their crime and their physical location. Suspects do this in an attempt to disrupt law enforcement's ongoing investigation into, or discovery of, their criminal activity.

24

25

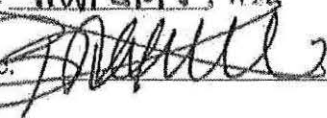

26

27

Likewise, notice to the account user would render ineffective the court's warrant, and/or frustrate the purpose of that warrant, which is to collect evidence of a crime.

TO ANY PEACE OFFICER IN THE STATE OF WASHINGTON:

Upon the sworn complaint made before me, there is probable cause to believe that the crime(s) of **RCW 9A.44.089 Child Molestation in the Third Degree, RCW 9A.68.090 Communication with a Minor for Immoral Purposes, and RCW 9A.44.096 Sexual Misconduct with a Minor in the Second Degree** has/have been committed in Thurston County, and that evidence of that/those crime(s) is concealed in the below-described device(s).

YOU ARE COMMANDED to:

Search the device(s) described as follows bearing that The Digital Forensic Examiner's typical backlog is long and the amount of time needed for a complete examination is a time consuming process, therefore it is to note that the search by the DFE may come at a later date, not more than 12 months after the signing of this warrant.

- Q-SEE DVR CAMERA SYSTEM, SERIAL NUMBER #QT4261103270719, SEIZED FROM 111 BETHEL ST NE, OLYMPIA WA 98506 (OLYMPIA SCHOOL DISTRICT OFFICE), CURRENTLY STORED IN OPD TEMPORARY EVIDENCE LOCKER #2.

1. Create a digital image of the above-described device and search that image and seize evidence of the above-listed crime(s) as follows:

For the date range **March 13th, 2020, through May 31st, 2022**

- Photographs, images, videos, documents, and related data created, accessed, read, modified, received, stored, sent, moved, deleted or otherwise manipulated between the above dates; to include but not limited to any video evidence capturing the sexual acts that occurred between Jonathan Moore and **503 Child** **503**, or any video evidence that shows Jonathan Moore alone in the room with **503 Child Vic Wit** or any video of evidentiary value as it relates to Jonathan Moore's relationship with **503 Child Vic Wit** or other students of Capital High School.

15 I am a duly commission law enforcement officer in the State of Washington currently assigned to
16 the Detective Division with the Olympia Police Department. In April of 2018, I was hired as a
17 police officer with the City of Olympia Police Department. I attended and successfully
18 completed the 720- hour Washington State Criminal Justice Training Commission Basic Law
19 Enforcement Academy. The course work consisted of training in, but not limited to criminal
20 investigations related to theft, felony, and misdemeanor crimes against person(s) and property,
21 DUI, assault, child physical and sexual abuse, and domestic violence. Additionally, I have
22 attended ongoing training to include but not limited to, Basic Homicide Investigations, Child
23 Abuse Interview and Assessment, and Investigation of Child Homicide, Sexual Assault
24 Investigations, Victim-Centered Engagement and Resilience Tactics, Introduction to
Investigative Genetic Genealogy, Introduction to Crime Scene Investigation, Intermediate Crime
Scene Investigation, and I am a certified Force Science Analyst.

1 The facts set forth in this Affidavit are based on my own personal knowledge; knowledge
2 obtained from other individuals during my participation in this investigation, including other law
3 enforcement officers; interviews of witnesses; my review of records related to this investigation;
4 communications with others who have knowledge of the events and circumstances described
5 herein; and information gained through my training and experience.

6 Because this Affidavit is submitted for the limited purpose of establishing probable cause in
7 support of the application for a search warrant, it does not set forth each and every fact I or
8 others have learned during the course of this investigation. I have set forth only the facts I
9 believe are relevant to the determination of probable cause to believe evidence, fruits, and
10 instrumentalities of violations of **RCW 9A.44.089 Child Molestation in the Third Degree,**
11 **RCW 9A.68.090 Communication with a Minor for Immoral Purposes, and RCW 9A.44.096**
12 **Sexual Misconduct with a Minor in the Second Degree** will be found in or within the above
13 listed locations.

14 The Investigation

15 On 08/11/22, I was contacted by Detective Sgt. Weinnig regarding a potential sex offense that
16 occurred at Capital High School, located at 2707 Conger Ave NW and at Jefferson Middle
17 School located at 2200 Conger Ave NW in Olympia.

18 At approximately 1751 hours, I received a phone call from Anna Dragt who agreed to meet with
19 me the following day to conduct a telephonically recorded interview at approximately 1130
20 hours. The following is a summary of the information Anna provided within her statement:

21 Approximately two weeks ago she was working with her co-worker Charles D. Norris DOB
22 04/13/2005 '503'. 503 started talking about when he went to Jefferson Middle School.
23 503 Child described a relationship he developed with his digital media teacher by the name of
24 Jonathan Moore (aka Jonathan J. Moore DOB 03/24/1989). 503 Child told her he and Moore would
spend time together before and after school. When 503 Child proceeded on from Jefferson Middle
School to Capital High School, Moore followed and began teaching at Capital.

503 Child told Anna he and Moore would communicate via text and email, but it is not known
exactly when the communication began. Once the pandemic started in 2020, 503 and Mr.
Moore began arranging to meet each other at the bleachers located at Jefferson Middle School.
Anna believed they met "very often" at least several times a week.

1
2 [503] disclosed the relationship between he and Mr. Moore became sexual but did not provide
3 details regarding what a sexual relationship meant to him. [503] told Anna Moore demanded
4 [503] call him his "boyfriend" and that he needed to say, "I love you." [503] did not
5 consider Moore his boyfriend. Anna advised Moore made [503] feel like he had to do all the
6 things they did because [503] is a "loner" and Moore had become a significant part of his life.

7 Anna advised [503] is currently 17 but it is highly possible he was 15 when he started to meet
8 Moore at the bleachers because it has been a couple of years. [503] disclosed to Anna he and
9 Moore "broke up" approximately 3 months ago for an unknown reason.

10 After my interview with Anna, I provided her my contact information to provide to [503 Child] as he
11 was fearful of coming forward and did not want me to contact him. I expressed I would be
12 available whenever he felt comfortable an encouraged Anna to continue being a support system
13 to him.

14 On 08/12/22, I contacted administration staff at Capital High School to inform them of the
15 allegations being brought forward against Jonathan Moore due to him being a current teacher at
16 their facility. I met with Principal Lillian Hunter, Assistant Principal Ja'Wanne Brown, and other
17 respective staff at approximately 1000 hours the same day. I was notified Jonathan Moore was
18 currently on administrative leave due to previous professional misconduct allegations with
19 students. Capital High School informed me they would be cooperative with law enforcements
20 investigation.

21 I was provided with some of Jonathan J. Moore's information by Capital High School. The
22 information revealed Jonathan's full name was Jonathan Joseph Moore with a listed address of
23 5220 Mt. Green Ln SE in Lacey, WA 98503. A search through police databases confirmed this
24 information for Johnathan Moore to include his date of birth as 03/24/1989. Additionally,
surveillance was conducted at Jonathan Moore's residence, located at 5220 Mt. Green SE. The
residence is located within the Mountain Greens MH Estates Mobile Home Park in Lacey, WA.
Present at the time, parked in the carport of the residence was a 2014 Chevrolet Malibu Sedan
bearing WA LIC BAW0858. The vehicle is listed with Jonathan J. Moore as the registered
owner.

25 [503 Child Vic Wit] **Interview:**

26 On 08/17/2022, [503] came forward and agreed to complete and audio and visually recorded
27 interview at the Olympia Police Department. [503]'s interview lasted approximately 3 hours
28 and 8 minutes. The following is a summary of [503]'s statement:

1 I asked 503 Child what we were here to talk about today 503 Child responded that it was weird to
2 say, but "abuse". 503 described the abuse as largely emotional and sexual abuse that started
3 lightly in the 6th grade and "blew up" once he was in high school. 503 provided the following
4 events as chronologically as his could recall.

4 **6th grade (Jefferson Middle School):**

5 503 described himself as a "wreck" and stated he did not shower or take care of himself. He
6 was put into a program called "Mind Builders" for advanced reading. 503 Child advised Jonathan
7 Moore was the new teacher for Mind Builders that year. This was how he and Moore first met.
8 503 advised he really liked Moore at first and liked that he was strict, but not without reason.
9 503 advised he wanted to take more of Moore's classes the following year. 503 explained
10 an incident where he wrote Moore a letter about how much his classes meant to him, and Moore
11 hung up the letter. 503 Child advised this was a turning point in his relationship with Moore.

10 **7th Grade (Jefferson Middle School):**

11 503 advised he signed up for Reach and Visual Communications with Moore. He enjoyed
12 Visual Communications which created an environment for him to be around Moore. 503
13 advised Moore took the time to get to know him and put him into positions he was good at. He
14 described Moore as someone who did not immediately "discard him". 503 Child advised it slowly
15 started happening along with other students, where they would stay after school with Moore until
16 approximately 1630-1700 hours. 503 Child advised they usually stayed to film or talk about plans
17 for the classroom because the power was given to the students. Toward the end of 7th grade,
18 503 Child was given more opportunities and elected more responsibility within Visual
19 Communication program.

16 **8th Grade (Jefferson Middle School):**

17 During 8th Grade 503 advised they made a sitcom called "The Studio" in Visual
18 Communications. This became the drive for people to stay late after school. 503 became
19 involved with The Studio, and this was a big turning point in he and Moore's relationship. As
20 summer was approaching, students along with Moore began staying as late at 2100-2200 hours
21 filming. 503 explained he was not forced to stay after school, he wanted to, and would
22 choose to stay. This developed into 503 staying after school just to have conversations with
23 Moore because he enjoyed talking to him. This occurred quite often and would result in he and
24 Moore staying alone for anywhere between 2-3 1/2 hours. I asked 503 what would happen
during this time. 503 Child advised he and Moore would talk about stuff such as philosophy. Moore
would order food for him, and Moore became his friend. I asked 503 out of a school week
how many days he would stay after with Moore. He advised 2 or 3 times a week minimum.
503 Child advised he and Moore would communication via email during this time, but nothing was
"out of line".

1 I asked 503 Child if while he was in 6th-8th grade if anything ever became physical between, he and
2 Moore, 503 stated, "No." and stated during this time it was a "grooming" phase and was not a
3 relationship yet. 503 described Moore almost like a "parent" or like his "dad". 503 Child
4 described his own behavior during this time as distanced from everyone, he stopped playing x-
box, and interacting with his friends. 503 described himself as becoming reliant on Moore.

5 **Summer before 9th Grade:**

6 During the summer, 503 along with fellow students would go to Moore's classroom at
7 Jefferson Middle school. During this time, they developed a plan that 503 along with other
8 students involved, would return to Jefferson while they were at Capital High School, and would
9 teach students how to make "The Studio" to continue the production.

10 **Capital High School:**

11 **Freshman/Sophomore Year (14-15 Years Old):**

12 503 Child stated at least a couple of times a week, he would walk to Jefferson after school to talk to
13 Moore while he was a student at Capital High School. On March 13th, 2020, of 9th Grade, 503
14 was filming "The Studio" with Moore at Jefferson. Filming was not completed before school
15 was shut down due to Covid-19. 503 explained he and Moore had become closer at this time
16 and it had become clear they were not just staying in contact for filming purposes. 503 stated
17 he and Moore were going to stay in contact via email and Skype.

18 Skype calls between he and Moore began with other students present. This progressed to him and
19 Moore getting on Skype early to talk without anyone else on the call or staying on late to
20 continue talking. 503 advised he also began to meet Moore at Decatur Woods Park and the
21 bleachers at Jefferson Middle School. This too, started with other students present, but
22 progressed to being just him and Moore. Almost daily, including weekends he would go to
23 Jefferson Middle School bleachers to meet Moore to talk. 503 Child explained he and Moore also
24 started using Gmail to communicate. They would talk late into the night having hundreds of
emails between each other. Moore would become "very upset" if he did not respond quickly.
This then progressed to them using Google Hangouts/Chats to communicate because it was just
like texting.

503 advised every night at 2230 hours; Moore would call him and they would talk until
approximately 0100 hours on the phone. He had to hide this from his parents and lie about who
he was talking to. During this time, 503 Child advised he gained 50 or 60 lbs. I asked 503 why
this happened. He explained because all he would do is sit on his bed and talk to Moore and he
was sad. 503 Child explained his grades were failing during this time, but Moore started to do his
homework. 503 advised to this day he still does not know algebra or geometry because
Moore did all his homework.

1
2 **503 Child** advised his “relationship” started with Moore when he was approximately 14 or 15 years
3 old. **503** defined “relationship” to mean Moore would want him to call him his “boyfriend”.
4 Moore told **503** they were going to spend their whole lives together, **503** was going to
find a surrogate for their children in running start at South Puget Sound Community College, and
they were going to name their children “Maryweather” and “Elliot”.

5 Moore formulated a plan for after high school, when **503** was in college for a year or two. He
6 would have a project and would have an extra room at his apartment. **503** would stay in the
7 room while they worked on the project. Once **503** was an adult it would seem natural that
8 they were in a relationship. **503 Child** explained there were several documents and notes made
9 about he and Moore’s planned future, ideas on how to raise their kids, or what their life together
would look like. These ideas of their life were captured in Google Docs that Moore has since
renamed/and or deleted. I asked **503** why Moore would do this. He explained that whenever
there was a fight between them, Moore would take these documents from him.

10 During this time, especially once he and Moore entered a “relationship” he would go to Jefferson
11 Middle School to visit Moore and would sleep on the ground. Moore would sometimes take a
12 nap next to him. I asked **503** to explain to me how their bodies were when Moore would lay
13 down to take a nap next to him. **503** stated, “Like spooning.” I asked **503** if Moore’s body
14 would do anything during this time. **503** stated not really unless it was something sexual there
15 would be humping. **503** explained humping to be thrusting with him laying down on his side
facing away from Moore. Moore would be laying down on his side facing toward him, thrusting
his pelvis into his “ass” or “thigh”. **503** advised he could feel Moore had an erection while he
was humping him. This happened approximately once or twice.

16 **503 Child** advised the topic of sex came up between he and Moore when he was around 14 or 15
17 years old. This would happen by Moore turning the conversation sexual, and talking about what
18 turned him on, such as the type of pornography he enjoyed. **503 Child** explained Moore liked
“twinks” with very little hair and flacid penises. Moore would talk about how he wanted to be
19 submissive and wanted **503** to control him and punch him. I asked **503** if Moore ever had
him watch porn with him, he stated no. **503 Child** explained Moore wanted sex but was willing to
20 wait. **503 Child** advised once Moore came to Capital High School during his junior year (16 to 17
21 years old) the sexual acts began. I asked **503** how he and Moore would communicate about
22 sex. **503** advised sometimes they would call, sometimes over skype, but never over text or
email. Some of the sexual conversation may have occurred over “Google Chats” because this
was a primary means of communication between them.

23 **JUNIOR YEAR (16-17 years old):**

1 [503] stated he would come to school between 0700- 0800 hours every day to see Moore and
2 would stay after school until 2130-2200 hours and it was not uncommon for him to spend
3 anywhere from 10-14 hours at the school with Moore daily.

4 Approximately two months into the school year, the sexual acts began. These would occur in the
5 interior newsroom at the school. Inside of the interior newsroom, there was a green room with
6 large black curtains. He and Moore would go into this room after everyone left around 2100
7 2200 hours. This occurred at least two or three times a week, sometimes daily. [503] explained
8 he was paranoid about the janitors because they would come into the other room, to the extent
9 that he would wear black shoes to blend into the curtain.

10 Moore would pressure him to go behind the curtain, where he would “fondle” Moore. I asked
11 [503] what fondling meant to him. [503] stated rubbing Moore’s testicles, kissing his neck,
12 touching the back or side of Moore’s body, sometimes his “ass”, and he would “masturbate”
13 Moore over his clothes sometimes under [503 Child] described that he would take his hand over
14 Moore’s penis that was usually hard or half hard. He would stroke Moore’s penis, and Moore
15 would have a lot of pre-ejaculates. He would try to avoid touching the head of Moore’s penis,
16 although sometimes Moore would ask him too. [503 Child] advised he would try to stick to the shaft
17 or lower shaft of Moore’s penis while masturbating him but would stop before Moore ejaculated.
18 [503] advised the “thrusting” also happened by him and Moore getting into positions that
19 looked like “sex positions” and they would “act” them out with their clothes on.

20 [503 Child] explained Moore only touched him once on his genital area with his hands. I asked
21 [503] to tell me everything that happened when Moore touched his genital area. [503] stated
22 he and Moore were again in the back room at the school. [503] advised he was insecure about
23 his penis not being hard because he did not want Moore to be upset.

24 In this incident [503] explained Moore’s hand was “really cold”. [503 Child] was standing with his
pants down and Moore reached into his underwear. Moore touched and stroked his penis with his
barehand and fingers. Moore was also rubbing his foreskin and making comments about it. This
lasted for approximately a minute until he told Moore “No”. Moore started trying to go faster to
encourage him to not be done.

[503] stated his sexual interactions with Moore were not consensual. The only time he would
indicate he wanted this with Moore was after he already refused it twenty times and decided this
was going to be his life. [503] advised he verbalized several times to Moore, on a consistent
basis, he did not want to do these things with him.

1 [503] advised he got away from Moore halfway through December of 2021 and the physical
2 contact ended. [503] advised the last time he talked to Moore was approximately four months
3 prior to him reporting the incident on 08/17/22.

4 I was contacted by Scott Neiman with Olympia School District on 09/21/2022, I was informed
5 Jonathan J. Moore had been terminated as an employee of Capital High School because of
6 professional misconduct with students. I was informed after Jonathan Moore's termination, staff
7 of the Olympia School District cleaned out the classroom Moore operated out of. Several
8 "security" style cameras were discovered in the classroom in the area of Jonathan's office, and
9 the back green room (where the sexual acts with [503 Child Vic Wit] occurred) from the brand "Q-
See". These cameras were installed prior to Moore taking over the classroom however the school
advised they believed the camera's to be inoperable. The cameras were removed and were
secured at the Olympia School District Office located at 111 Bethel ST NE, Olympia, WA 98506

10 I later responded to the school and met with Daniel Grimm DOB 07/02/1959 who completed an
11 audio and visually recorded walk through of the classroom with me showing where all the
12 cameras were located. While conducting the walk through, an additional camera was found in the
13 green room that was not removed. While meeting with Daniel Grimm, he informed me of a time
14 he along with the school Principal at the time were conducting walk throughs of the school,
during a school dance. They found the light on in Moore's classroom, where Moore was found
alone with a student around 2200-2300 hours in the back editing room. When confronted Moore
told Grimm they were being recorded in the room. This comment led Grimm to believe now, the
cameras were operable.

15 I later conducted a follow-up interview with victim [503 Child Vic Wit] where we discussed the
16 cameras. During this interview I asked [503 Child] if he could remember Moore's classroom, he
17 advised he could. I asked [503] if he remembered seeing cameras in Moore's classroom.
18 [503] advised there were "tons" of cameras which is why they went into the greenroom where
19 the sex acts occurred. [503] did not believe there was a camera in the greenroom (although it
20 was discovered there was). [503 Child] advised he believed where they were was out of sight from
21 the cameras, but he is certain the cameras picked something up. [503] advised Moore would
22 turn the cameras so they would not face into the greenroom or wherever things were
"happening". I asked [503] why he thought Moore did this. [503] advised because Moore did
not want to get caught. I asked [503] if Moore ever said this to him. He advised yes and
everyone knew where the blind spots of the cameras were because Moore would talk about it. I
asked [503] if the camera's worked, he stated they did. I asked [503 Child] how he knew this. He
advised you could go into the backroom and turn on the monitor to see the cameras. I asked
[503 Child] if Moore had access to the cameras. [503 Child] advised he did.

1 On 09/29/2022, I applied for and was granted a search warrant for by Honorable Superior Court
2 Judge Allyson Zipp to seize the Q-See camera(s) and system to include but not limited to any
3 and all associated DVR(s), hard drive(s), SD Cards, USB drives, associated cloud-based storage
4 systems from the Olympia School District Office located at 111 Bethel St NE in Olympia.

5 On 09/29/2022 at approximately 1404 hours, the warrant was served. Collected was a "Q-See"
6 DVR system with keyboard and mouse. The evidence was taken back to the Olympia Police
7 Department. I placed the Q-See Camera System DVR, with keyboard, and mouse into temporary
8 evidence locker #2. It was later determined a higher level of digital forensic expertise from a
9 certified Digital Forensic Examiner would be needed to search such item for evidence. Due to
10 this a search was unable to be conducted within the 10 days of the original warrant.

11 Therefore I am requesting a warrant to search the Q-See Camera System DVR for
12 evidence of the above listed crimes to include: Photographs, images, videos, documents,
13 and related data created, accessed, read, modified, received, stored, sent, moved, deleted
14 or otherwise manipulated, to include but not limited to any video evidence capturing the
15 sexual acts that occurred between Jonathan Moore and [REDACTED] 503 Child Vic Wit , or any video
16 evidence that shows Jonathan Moore alone in the room with [REDACTED] 503 Child Vic Wit or any
17 video of evidentiary value as it relates to Jonathan Moore's relationship with [REDACTED] 503 Child
18 [REDACTED] 503 or other students of Capital High School.

19 Evidence of the crimes described in this application could be contained in any type of
20 digital device to include the Q-See DVR system. The terms "digital device" and "device"
21 include all devices capable of capturing and/or storing digital data, such as computers, digital
22 cameras, modems, routers, external memory drives, thumb drives, cellular telephones, GPS
23 navigation devices, etc. Data stored on digital devices and media can be easily transferred from
24 one device or storage media to another. Forensic experts and others with experience in retrieving
and analyzing digital data have established the following:

Digital devices typically retain some evidence of all activity taken via the device or
associated media; and, as such, could contain evidence of crime. For example, data, whether
stored intentionally or unintentionally, can contain evidence of knowledge, intent, efforts to
conceal, sell or dispose of evidence or proceeds of criminal activity, accomplice identity,
association with victims, or geographic location of the device possessor at particular dates and

1 times. This information can be in numerous forms, such as photographs; address books or
2 contact lists; or communications with others through means such as phone calls, email, instant
3 messaging, social media, chat sessions, or other digital communications.

4 Evidence can remain on the device or media for indefinite periods of time after the
5 communication originally took place, even if deleted by the user. Information deleted by the
6 user may be recovered by a forensic examiner throughout the working life span of the device.

7 Digital data can be found in numerous locations, and formats. Evidence can be
8 embedded into unlikely files for the type of evidence, such as a photo included in a document or
9 converted into a PDF file or other format in an effort to conceal their existence. Information on
10 devices and media can be stored in random order; with deceptive file names; hidden from normal
11 view; encrypted or password protected; and stored on unusual devices for the type of data, such
12 as routers, printers, scanners, game consoles, or other devices that are similarly capable of
13 storing digital data.

14 Device-generated data also includes information regarding the user identity at any
15 particular date and time; usage logs and information pertaining to the physical location of the
16 device over time; pointers to outside storage locations, such as cloud storage, or devices to which
17 data may have been removed, and information about how that offsite storage is being used. If
18 the device is synced with other devices, it will retain a record of that action. Digital device users
19 typically do not erase or delete this evidence, because special software or use of special settings
20 are usually required for the task. However, it is technically possible to delete this information.

21 As with other types of evidence, the context, location, and data surrounding information
22 in the device data is often necessary to understand whether evidence falls within the scope of the
23 warrant. This type of information will be important to the forensic examiner's ability to piece
24 together and recognize evidence of the above-listed crimes.

Digital device programs frequently require passwords, phrases, codes, patterns,
fingerprints, and/or user names to operate. Those may be kept inside a device/media, or outside

1 in some other area known to the user. So, in addition to searching a digital device and media for
2 evidence of the above-listed crime(s), investigators will need to search both the premises
3 searched, and the digital device(s) for this information.

4 The forensic examiner may also need the following items in order to conduct a thorough
5 and accurate search of the devices: computer hardware, software, peripherals, internal or
6 external storage devices, power supplies, cables; internet connection and use information;
7 security devices; software; manuals; and related material.

8 Searching the digital device itself would irreversibly alter data and/or evidence on the
9 device. The commonly accepted best practice method to search a digital device for evidence
10 involves creating a digital image of the device and then searching that image for the responsive
11 evidence. Creating a forensic image does not alter any evidence on the device; it only copies the
12 data into a searchable format. The image is then searched using search tools to locate and
13 identify that evidence whose seizure is authorized by this warrant. The unaltered device and the
14 image are then preserved in evidence.

15 Modern digital devices and media can contain many gigabytes and even terabytes of data.
16 Due to the potential for an extremely large volume of data contained in devices and media, and
17 that fact that evidence can be stored/located in unanticipated locations or formats and/or
18 embedded in other items stored on the device/media, investigators typically need to use
19 specialized equipment in their search. Such large volumes of data also mean that searches can
20 take days or even weeks to complete. For these reasons, I request authority to remove from the
21 search location all digital devices and media that could contain evidence authorized for seizure
22 under the warrant for subsequent search pursuant to the terms of the warrant.

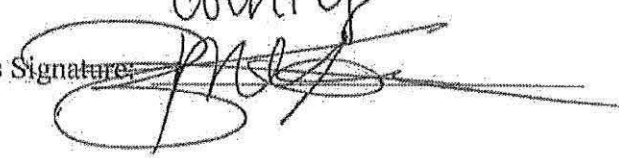

23 I also request authority to obtain assistance from a technical specialist, to review the digital
24 device(s) and digital media for the best and least intrusive method of securing digital evidence that
this warrant authorizes for seizure, and to assist in securing such evidence.

1 Based on all the foregoing information, there is probable cause to believe that evidence of the
2 above-listed crimes exists in the above described digital devices and that there is probable cause
3 to search those devices for the evidence of the above crimes for the date range **March 13th, 2020,**
4 through **May 31st, 2022**

- 5 • Photographs, images, videos, documents, and related data created, accessed, read,
6 modified, received, stored, sent, moved, deleted or otherwise manipulated
7 between the above dates; to include but not limited to any video evidence
8 capturing the sexual acts that occurred between Jonathan Moore and **503 Child Vic**
9 **503** or any video evidence that shows Jonathan Moore alone in the room with
10 **503 Child Vic Wit** or any video of evidentiary value as it relates to Jonathan
11 Moore's relationship with **503 Child Vic Wit** or other students of Capital High
12 School.
