In re:
Heather Wood

Petitioner(s),

and

Lenard Feulner

Respondent(s).

No. 07-3-01713-1

**Declaration of
(Optional Use)
(DCLR)**

This declaration is made by:

Name: Heather Wood

Age: 38

Relationship to the parties in this action: Mother is custodial parent of Adeline Feulner, and former
copulative partner of Lenard Feulner, 52 years old. _____

I Declare: Lenard has been diagnosed with a neuro-biological developmental disorder, and is unfit to serve as a care provider. Lenard was dosed with severe pharmaceuticals throughout his childhood, and continued a life of severe drug abuse and alcoholism throughout adulthood.

On July 14th 2007, Adeline was nearly 6 months old. I left her with Lenard for only one hour to run home for a change of clothes. While I was absent, Lenard had begun drinking Kalua with hard liquor, and upon his Mother's request, with whom he lives, used an electric skill-saw in one hand to cut lumber into a signpost while holding my baby in the other arm. He bragged to our friends and me that the noise really bothered the baby the first time he ran the saw, but that she did not react at all after that. This is incredible, and irresponsible, and dangerous behavior.

The drug and alcohol abuse is conflicting with the best interest of my child, and her well being has been compromised in his care. The developmental disability that Lenard was diagnosed with also prevents him from using better judgment.

On January 5th, 2008, Lenard delivered marijuana to his friends, and therefore was late and stoned, picking up Adeline from me, for my three hour Saturday shift at the office. Though I gave him a diaper-bag with a bottle of hand-pumped breast milk and other supplies, and told him to feed his daughter, he never brought her back to our meeting place, and he never fed her. For seven hours, my then seven month old daughter went without any food or water. Lenard later admitted that he had fallen asleep and was watching a post-season Seahawks game. He would have been late in bringing her back to me, and he thought I should just "figure it out." Lenard never even brought the diaper-bag in from the car to care for the child otherwise. Meanwhile, as I became more and more engorged with breast-milk, I began calling his friends, the Hospital, and 911. Lenard had been very late every time but once, so I continued to wait. I was afraid to cross paths and become even further away from my child, as I knew she must be very hungry. I called his family and friends a second time, the Hospital, and 911. I called my Father who advised me to stay where I was since it was our usual meeting place. I sent one of his friends to his house to look for him. He was there with the starving child. He never tried to call me, nor did he bring her to me, nor did he feed her. I reported this incident to CPS as child-neglect. Several times I asked Lenard to call if he would ever be late, so that I would not worry and wait, wrought with wondering "where was my child?" Every time I asked him to do this, he would become annoyed with me, and still refuse to call when he was late. This was the last time for seven months that I let Lenard have the baby without me, unsupervised.

During the past several months, to my disappointment, it has become evident that an intimate relationship with Adeline's Father is impossible. I filed a Parenting Plan with the State. Lenard has pleaded with me not to follow through. Lenard told me that he would take Adeline from me if I did not continue an intimate relationship with him. He told me I could trust him again, and that he would promise to be careful with her, and call when late, and to follow agreed upon common rules while she was in his care. These rules were: to be drug free, to be alcohol free, and to keep her out of the company of drugs, others under the influence, and a specific Couple's home where Lenard goes to use drugs, where there are dirty magazines lying around the house, and where often sex orgies are engaged in, so I've been told, and invited, which is why I do not go there, and will not allow my child to go. Lenard gave me his word, and took her there anyway, and did not tell me. Lenard cannot be trusted at his word. I will not trust his word again. I believe that Lenard's drug habit impairs his better judgment. I have asked Lenard to keep

his dirty magazines out of arms reach of my daughter. Again he argues that they are "just naked bodies". I insisted that he abide by this rule regardless of his sense of freedom. He continued to keep his magazines in his mother's house where the child has access, and I accidentally picked them up thinking they were something else because they were beneath a single Mother Earth News right where we could get at them. After having asked this man to refrain from pornography in plain view of my child, he still keeps it around! I will not allow my daughter around such nonsense ever. Again, perhaps because of his developmental disability, or his incessant drug use, Lenard does not possess the capability to use better judgment in the best interest of my child.

I, through all of this, have not kept Adeline from spending time with her Father, and have facilitated supervised visits and outings with Lenard and myself. Maybe I should have.

I have asked Lenard to refrain from inappropriate, adult comments to the child, or about her, or in front of her. He has referred to her as being "sexy", and made many other inappropriate comments, all of which I have documented. He argues, and becomes annoyed, and insists that she doesn't understand what he is saying. He laughs.

Lenard believes the world is ending in 2013, and that he will be safer from catastrophic events if he leaves the state, or goes to Eastern Washington. He believes that there is a secret planate Neburu out there that will cause the Earth's polarity to switch when it moves between our Moon and our planate Earth. He believes the world's great scientists are keeping this a secret from us all to avoid pandemic panic. Lenard believes that there is a safe place somewhere in Oregon where he could successfully survive, and plans to go there or somewhere in Eastern Washington to hold up during the impending fallout. I am afraid that Lenard will try to take my Daughter with him if/when he goes. He has stated that being without this one, of two Daughters, would be the worst thing that could ever happen to him. I want to keep my Daughter safe with her Mother, Myself.

My Daughter, Adeline, is still breastfeeding a great deal, and it and would not be in the child's best interest to keep her from myself for extended periods of time in the care of a habitual drug user, or a developmentally disabled person. I am a drug free and very health-conscious Mother, who feeds my Daughter only the best foods available, prepared at home, by hand.

Lenard opted for corrective eye surgery just recently, and the Doctor he chose, cut off the top of his cornea. Lenard now has a very difficult time seeing and differentiating objects and shapes and reading with that eye. Added to the initial eyesight failure, he is quite inconvenienced. This will also have to be corrected before he drives my daughter anywhere without supervision. Lenard has encouraged his other daughter to spend time with Adeline in my absence, who is also on drugs. I have seen Lenard leave my

baby unattended with her, against her wishes, for short periods of time in his front yard. (Just long enough for me to get there running.) His first daughter also hates the baby, and is a drug user. This must not be allowed. Lenard seems to see it as a challenge, but my daughter's well being hangs in the balance.

I declare under penalty of perjury under the laws of the state of Washington that the foregoing is true and correct.

To Whom It May Concern:

My name is Michael T. Kinder. I have been in the addiction treatment field for twenty years. Currently I hold a license to practice as a Chemical Dependency Professional in the State of Washington. I presently work as the Senior Administrator at Lakeside-Milam Recovery Centers.

In my professional opinion if an individual has a prior diagnosis of chemical dependency i.e. alcohol and /or other mood-altering substance, and additionally has a history of prior treatment, they run a risk of reoffending, and creating life-long medical and social problems. Therefore, it is not unreasonable to request verification of substance-free behavior when the individual is in charge of a small child. An example would be: operating a vehicle in which there is a child within twenty-four-hours after consuming any substance at all.

If you would like to dialogue, I am available at the number below. Remember, there is no cure for chemical dependency, the only way to manage this disease is through abstinence.

Please feel free to contact me at (253) 272-2242 with any questions.

Sincerely,
