DECLARATION

I, Heather Wood, am a US citizen over the age of 18, and a resident of the State of Washington; the facts that I have provided on this form are true.

I am Heather Wood, Adeline's mother of 16.5 years.

A response declaration by Donna Ebenthauer was filed in regards to my telling of Mr. Feulner's dangerous dog play with my daughter - a description of his

mental blind spots. Mr. Feulner and Donna both find it appropriate to blame my innocent 5 year old daughter for her out of control Pitbull biting Adeline. The false claim blames my 5 year old for instigating her Pitbull's attack and subsequent dog bite to Adeline's left cheek, just below the eye, is deplorable, and does not go unnoticed!

Donna was not present in the room when the bite happened. Her husband Allen and I were talking in the space dividing the kitchen from the living room.

Allen's back was to Adeline and the dog on the chair. I saw fully what happened: Adeline walked in front the dog who appeared to be sleeping. The dog suddenly rose its head and snapped my daughter in the cheek. There was no warning of the dog's intention to bite.

Donna was down the dark hallway and came running out upon hearing the commotion. Blood was squirting from the wound, and I was saying: "let's get to the Hospital!"

Donna's response was to protect her dog first, not Adeline. Donna insisted to her husband: "Don't tell them it's a Pitbull, Allen."

Allen reassured her he would not tell the hospital it was a Pitbull.

Me and Adeline rode in Allen's car. Allen drove us to the Hospital.

Allen told staff the dog was some-kind-of-something else instead of using the word "Pitbull."

Allen is pictured here with Adeline at the hospital.

The next day was Adeline's first day at Kindergarten on Olympia.

I reported the dog to Kitsap Animal Control.

I ran into Donna's sister at Fred Meyer's who told me the dog bit several children, family members and friends.

In fact, this was the second time the dog nearly took an eye out of my child's face.

Adeline was disappointed when she found her father blamed her and shared Donna's position. 'Pitbulls first' is Lenard's view.

Shortly thereafter, Donna accused me of having an affair with her husband, and said she could not be friends with us any longer. Lenard

*Was NOT
Present and Adeline were the only eyewitnesses.*

Adeline and I both loved Donna, and this was a painful break for both of us.

Some people defend the breed, before defending their own children – pitiful.

These drug pushers are Pitbull-friendly.

Mr. Feulner had several pit bulls that he left attached to a clothes line and in crates at his mother's house.

I will continue to protect my child even from you, Donna.

I take great exception to the fact that this harm to my daughter's intellect, and mental health is possibly okay with Mr. Feulner.

Adeline still has the physical scar on her face, and it bothers her.

I declare under penalty of perjury under the laws of the state of Washington and pursuant to General Court Rule 13 and RCW 9A.72.085 that the foregoing is true and correct.

Sep 4 9/2/2012 2030 RP was visiting freinds with her five year daughter. Parents were talking when RP's five year old daughter went up to freinds dog that was sleeping and tried to give the dog a kiss. The dog woke up and bit the girl below the left eye. The bite did break the skin. RP took daughter to Harrison hospital in Bremerton. RP states the dog has a history of biting children and this is the second incident of their dog biting her daughter. First incident was two years ago when the daughter did something to the dog while it was eating. RP could not supply me with dog owners phone number. JM#1912
