Counter Declaration of Heather Wood: In RE  
Motion to Terminate Restraints Response to  
Nancy Smith's declaration.

I, Heather Wood, am a US citizen over the age of 18, and a resident in the State of Washington; the facts that I have provided on this form are true.

I know Nancy and Tim Smith from a Christmas Party 2006. Our mutual friend, Wendy Morris (RIP), whom I met at my job at Teletech, was at the same Christmas party (small world)! Wendy and I worked together for a year and half and had gone swimming together. Wendy's husband was a lifelong friend of Lenard's who I met for the first time at that Christmas party. I was told Wendy's husband and Lenard had been in Kitsap County Boy Scouts

together as kids, and still enjoyed hiking together. I was invited to join them all for hikes.

I also met Tim and Nancy's daughter, who I gifted a raw food book and a tree-of-life tapestry to on her birthday. Nancy and Tim were cool, and their daughter a smart, sweet kid. I later attended Evergreen State College at the same time as their daughter.

Nancy and Tim picked Lenard and I up from his mother's house for a hike the same day Lenard used a skill saw to cut the 4x4 while holding my infant in his arm. He bragged to me about it, and I immediately told Nancy with great concern sitting in the truck together before we left the house what Lenard had done high on Kahlua. Nancy chided Lenard and said: "that'll never happen again, will it Lenny?" She made light of the situation, and we went on. I have a photo of me and Adeline on that day Lenard held Adeline in one arm, while using the skill saw to cut a 4x4 for his mother's mailbox. I think Tim was driving a brownish truck with a gray interior, can't really remember exactly, but there was a giant box of Cheez Its involved. I have reported this throughout the cause, but Nancy forgot to mention that she was the one I reported it to immediately, as I reported concerns to her more than once. Tim was present too when Nancy repeated it in the truck. Nancy told

the story more than once about how Tim paid Lenard for work, and Lenard would then invest his money in the strangest things like giant bags of dog food instead of more important things his family needed. I am not criticizing this, only pointing out specific conversations after the claim that non were had.

Nancy was still mine and Adeline's friend after Lenard and my relationship started falling apart. As soon as I filed the Proposed Parenting Plan, Nancy was so mad at me because I had gotten the government involved. They were antigovernment, and I had just implored the Court/government in helping me with a Parenting Plan. Keeping the truth from coming out, further injures my daughter. Community is the highest level of privilege a person can have. Nancy dropped me and the little baby from the community for trying to best care for my baby, instead of holding Lenard accountable for his actions. Nancy's interest in protecting Lenard is curious to me because Lenard used to brag at his visits with Adeline about his time working **under the table** for Tim and Nancy Smith at their air conditioning business in Kingston ~2015. In other words, they fraudulently hired my child's father under the table, and consequently helped him avoid paying the correct amount of child support that his daughter deserved. Tim and Nancy are accomplices to Lenard keeping my child from the support she deserved to have. It hurt my feelings

that she dumped us after I filed the Proposed Parenting Plan. Nancy is also Donna's friend who has the dog who bit Adeline, but blames Adeline for the instigating the attack. This is a friend circle that seems to have joined together to not only protect their own interests, but to continue covering up inadequacies that are harmful to my child. This friend group is joining in the parental alienation efforts, while I have kept the peace for 16 years, and causing further damage to my family.

In 2006 I expressed to Wendy Morris I was romantically interested in Lenard, and she had Lenard verify he was single. Wendy pursued a line of questioning in her living room where Mr. Feulner discussed he was single and available for dating. I happily believed him. He accused Terese of being an out-of-control alcoholic who screamed at their daughter all the time. Though he said he thought kids were best off with their moms. Wendy, RIP, was the one who so diligently warned me about Lenard "not being a family guy." She was intent on getting my attention, that she met me at a formal business to sit at the table/bar and have a talk with me. She was serious about her idea for me to abort the baby, and Wendy offered me an at home abortion by taking an herb, Goldenseal, that might cause abortion. Wendy was adamantly afraid of how Lenard would care (or not) for the child. I was barely pregnant, and abortion was not on my list. I was intent on having this

baby. I wanted, and dreamed of being the best mom to a homeschool girl named Adeline. I told Wendy, "no matter what, I am going to have this baby."

I declare under penalty of perjury under the laws of the state of Washington and pursuant to General Court Rule 13 and RCW 9A.72.085 that the foregoing is true and correct.

Dated this 15th day of January, 2024 in the county of Kitsap, WA
