Superior Court of Washington, County of Thurston, Family & Juvenile Court

In re:

Petitioner/s *(person/s who started this case)*:
Jennifer Lorraine Como

And Respondent/s *(other party/parties)*:
James Warrenn Fowler

No. 19-2-30942-34

Declaration of *(name)*: Robert Alexander
(DCLR)

Declaration of *(name)*: Robert Alexander

1. I am *(age)*: _____ years old and I am the *(check one)*: ☐ Petitioner ☐ Respondent ☑ Other *(relationship to the people in this case)*: Step dad of Jennifer Como + Freind of James Fowler

2. I declare: Jennifer Como lives across the street from her mother and myself, in a home that belongs to my wife and I, 610 Pamela Dr. Lacey WA. 98503. she has lived there for just over 8 years. She has paid rent and power for that place for about half the time she has lived there. We have allowed her to stay that long only because she has kids and don't wanna see them on the streets.

In the amount of time with her staying

there I have had to come in between her and James Fowler, before they seperated and James found recovery. I have had to deal with her losing her job with WSDOT for a dirty urinalysis that she still denies, it was positive for methamphetamine. I have reported her to CPS 3 times, for neglect. I have showed CPS pictures I took of a meth pipe on her kitchen counter.
I have also had to be helpful when her live in boyfreind and herself had a domestic violence altercation infront of both her kids. Steven Williams still lives with her and as far as I know neither has been in any counseling or had any professional help with DV. I have Been in Jennifer life for over 30 years.
[redacted].
I have known James Fowler for 8 years and have watched him grow from who he was. He started to change when [redacted] he got involved with family courts and the Courts suggested he take a chemical dependency evaluation, 12 week parenting class, and psycological evaluation. I did not believe he would do it all, but he did along with

all that was recommened. I see him continue to be active in his recovery and give back. I have seen him change in ways that I can not describe in words, I have seen him conquer fears and be an active, participating parent with his child. He takes them on many outings/ outdoor activities.

I believe it would benefit us all, but Jordan the most if Jennifer took a chemical dependency evaluation, Parenting class, Psycological eval and did all that is recommended.
