Name: Tamara Morris

Age: 33

Relationship to the parties in this action: Co-Worker (MultiCare Hospital Social Worker)

I Declare:

I have known the Petitioner, Jamie McNear, for approximately three months. During that time, I have personally observed and been made aware of domestic violence nature committed against her by the Respondent. On January 8, 2026, the Petitioner contacted me seeking emotional support and resources following a violent incident that occurred the night before. The Petitioner informed me that she and her children were forced to leave the home she shared with the Respondent due to violence committed against her and the children. At that time, the Petitioner relocated to the Respondent's mother's residence for safety. After moving into the home, the Respondent continuously messaged and called the Petitioner numerous times throughout the day, including while she was at work, demanding to know her whereabouts. The Respondent made several indirect threats through text messages, including stating, "shit can go cool but you want to make it ugly," which I understood as an attempt to intimidate or coerce the Petitioner.

The Respondent also sent paranoid and accusatory messages, repeatedly claiming that Jamie McNear left in order to be with other men. The Respondent blamed his own behavior and mental state as reasons for the Petitioner's decision to leave, yet continued to harass and pressure her through constant communication. I personally observed the Respondent arrive at the Petitioner's workplace without permission and attempt to give the Petitioner a gift consisting

The Petitioner informed the Respondent that she had not asked for the gift. After leaving the workplace, the Respondent continued to message the Petitioner regarding the gift. The Petitioner clearly requested that the Respondent not come to her workplace again. The Respondent replied in an aggressive and demeaning manner, which I understood to be dismissive of the Petitioner's request and reflective of continued harassment. On January 22, 2026, I provided transportation for the Petitioner, Jamie McNair, to return to the Respondent's mother's residence, where she had been staying. During the drive, the Petitioner informed me that the Respondent had been texting her repeatedly that evening asking how she was getting home and insisting that he pick her up. When the Petitioner declined, the Respondent sent accusatory messages claiming that she was being promiscuous and with another man. After I dropped the Petitioner off at the Respondent's mother's home, I received a phone call at approximately 11:49 p.m. from the Petitioner stating that the Respondent had gone to her workplace demanding to see her. The Petitioner also informed me that shortly afterward, the Respondent arrived at the Respondent's mother's home where she was located and caused a disturbance by yelling and forcing his way through the door. I contacted the Petitioner by phone to assess the safety of her and the children. The Petitioner expressed that she was scared the situation would become violent, as the Respondent appeared intoxicated and mentally unstable at the time. Due to the ongoing harassment, intimidation, and indirect threats, I encouraged the Petitioner to leave the residence because the Respondent had access to the home at any time. That same night, another coworker, Sarah Hall, and I assisted in providing a safe and secure place for the Petitioner and her children beginning on January 22, 2026. Based on my personal observations and the information shared directly with me by the Petitioner, I believe the Respondent's behavior demonstrates a pattern of harassment, intimidation, and escalating conduct that places the Petitioner and her children in fear for their safety. I respectfully support the Petitioner's request for a Continuing Protection Order to prevent further contact and harm.
